1. The EXC research year begins August 15, 2021 and ends August 14, 2022.

2. Departments must calculate and report EXC as a percentage of total Academic Year Break Period effort using EXC Labor Verification Statements and the EXC Calculator.

3. EXC LVS Forms must record effort percentage by EXC Period and are due in the Provost Office by the due dates listed above. All required signatures must be present before payment requests are made.
   * Send completed EXC LVS forms to extracom@uc.edu or fax to 556-6050.

4. Departments will initiate requests for EXC payment by processing a one-time PCR, wage type 0EXC - Intersession Comp.

5. EXC PCR'S must be initiated by the deadlines listed above or no later than 30 days after the award end date, whichever is earlier.

6. Signed and completed EXC LVS forms, completed EXC Calculator and any other required documentation must be received by the PCR deadline dates before the EXC PCR can be approved.

7. Reminder: Payment requests cannot be honored if the EXC LVS Forms were not received by the EXC LVS due date.

8. Maximum allowable EXC paid during an EXC year is 14/32 of the adjusted annual base salary. Faculty working part- or full-time during an off semester will have their maximum allowable EXC pay reduced by the amount of their off-semester pay (summer teaching pay and/or administrative stipend, etc.)

9. University Policy does not permit advances on EXC. All days reported after the earliest signature date must be resubmitted for payment.

10. Without exception, Hand Drawn Check Requests will not be issued to pay EXC, per Payroll and Employee Information Services (PEIS) policy.

11. Questions can be directed to the Provost Office at 556-6920, or SRS Accounting Director
    John Ungruhe at 556-4817 or email john.ungruhe@uc.edu
