- **Sarah Clift**, Assistant Director Research Development, Office of Research
- **Dr. Teri Reed**, Assistant Vice President, Office of Research

**Preproposal  
Limited Submission Competition  
University of Cincinnati  
Preproposal Due Date: Friday, September 22, 2017**

1. **Grant Competition:** *NSF Major Research Instrumentation Program: (MRI) Program Solicitation 15-504*
2. **Proposal Title:** (must be concise and convey the primary purpose of the proposal including if instrument acquisition (Track 1) or development (Track 2) proposal within the title)
3. **Investigators:** (include name(s), rank(s), and affiliations(s))
4. **Submitting Unit:** (Department, School, College, or Center)
5. **Background/Justification/Need** (1/2 page maximum)

Provide brief description and need of the instrumentation that will be requested, how access will be achieved and who will have access (demonstrate integration), and how the major instrumentation requested will expand the quality and scope of the research and research training goals of the institution. Include regional or national researchers (researchers outside the institution) that will also access (physically or virtually) the instrumentation and the uniqueness of the requested instrument. Development efforts that leverage the strengths of private sector partners to build instrument development capacity are encouraged.

6. **Project Description** (3 pages maximum)

Provide a brief description of the project in a manner that will be informative to a general technical audience. The description should address and or provide a statement on each of the following:

- the intellectual merit of the proposed activity
- the broader impact of the proposed activity
- the instrument location and type (see NSF Solicitation 15-504 for table of codes and examples)
- for Track 2, describe characteristics that qualify proposal as a development proposal
- research activities to be enabled (results from prior NSF MRI Support should be included here from the past five-year period)
- impact on research and training infrastructure (note if proposal is over \$1 million potential impact on the research community of interest and at the regional or national level should be added)
- a summarized business and management plan for placement and maintenance of the instrumentation.

**Budget and Budget Justification** (1 page max)
