Independent Auditor's Report

To the Board of Trustees
University of Cincinnati

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and discretely presented component unit of the University of Cincinnati (the "University"), a component unit of the State of Ohio, as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise the University of Cincinnati's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and discretely presented component unit of the University of Cincinnati as of June 30, 2025 and the changes in its financial position and, where applicable, its cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the University and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Report on Summarized Information

We have previously audited the University's 2024 financial statements, and we expressed an unmodified opinion on the respective financial statements of the business-type activities and discretely presented component unit in our report dated October 11, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2024 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Board of Trustees
University of Cincinnati

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of the University's proportionate share of the net pension liability, the schedules of the University's pension contributions, the schedules of the University's proportionate share of net OPEB liability (asset), and the schedules of the University's OPEB contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Trustees
University of Cincinnati

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University of Cincinnati's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Additional Information

Management is responsible for the accompanying board of trustees listing, which is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Our opinions on the financial statements do not cover such information, and we do not express an opinion or any form of assurance thereon.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2025 on our consideration of the University of Cincinnati's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University of Cincinnati's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University of Cincinnati's internal control over financial reporting and compliance.

October 10, 2025, except as to the schedule of expenditures of federal awards, which is as of December 3, 2025

Management's Discussion and Analysis

Introduction

The following discussion and analysis provide an overview of the financial position of the University of Cincinnati (the university) as of and for the year ended June 30, 2025. The university originated in 1819 and is a comprehensive research-based public institution of higher learning. Comparative information as of and for the year ended June 30, 2024 has been provided where applicable. Comments relate to the university and University Heights Community Urban Redevelopment Corporation (UHCURC), a blended component unit of the university. Comments do not pertain to the university's discretely presented component unit, the University of Cincinnati Foundation (the Foundation). The Foundation's financial results are presented in a columnar format with further information found in the notes to the financial statements. Management has prepared this discussion, which should be read in conjunction with the financial statements and notes that follow this section.

The university is leading urban, public universities into a new era of innovation and impact through its strategic direction, Next Lives Here, underscoring the power of creativity, ingenuity, invention and inclusion. Next Lives Here focuses on our platforms of academic excellence, urban impact and the innovation agenda. The university is committed to student success, faculty excellence and enrichment, staff excellence and development, cutting-edge research that has a local and global impact, re-imagining cooperative education so that we provide even greater opportunity for students to gain work-integrated learning experience, and enhancing equity and inclusion.

Total enrollment for fall 2024 (fiscal year 2025) included 53,235 students. Among the university's student population are 4,616 international students representing 133 countries. The university offers a diverse range of degree programs from baccalaureate to post-doctoral levels through 14 colleges. University campuses include Clifton Campus, UC Blue Ash, and UC Clermont with student populations of 86%, 8%, and 6%, respectively. Faculty members on the three campuses totaled 4,614. The university employs approximately 11,866 people, including graduate assistants, making it one of the largest employers in the Cincinnati region. Our endeavors as a university encompass science, medicine, business, education, engineering, technology, the humanities, and the arts.

Throughout their academic careers, university students earn many external honors and awards, including Fulbright and Goldwater scholarships as well as grants and research project support from internal and external entities as varied as the National Science Foundation, National Endowment for the Humanities, the U.S. Air Force and others. At the university, both undergraduates and graduate students receive both funding and mentoring support to pursue research through specialized programs like RISE UP (Research Innovation in NeuroScience Education for Underserved Populations), Biomedical RaMP (Research and Mentoring Program), and SURF (Summer Undergraduate Research Fellowship). Such opportunities allow students to directly contribute to innovation, build a meaningful portfolio, engage with faculty and other thought leaders outside the classroom, and hone their inquiry and investigative skills according to the scientific method.

During the 2023-2024 academic year, the university awarded 14,449 academic credentials. Degrees awarded include 1,331 associate degrees, 6,585 bachelor's degrees, 3,757 master's degrees, and 854 doctoral degrees. Professional certificates awarded total 1,922.

Many university faculty members have been awarded significant honors at the local, state, national, and international levels. These include numerous National Science Foundation Career awards as well as Fulbright awards and Guggenheim grants. University faculty and their work routinely receive support from the Ohio Department of Higher Education, Department of Health and Human Services, National Institutes of Health, Department of Defense, Department of Education, Department of Energy, U.S. EPA, National Science Foundation, National Endowment for the Humanities, National Endowment for the Arts, National Geographic Society, National Oceanic and Atmospheric Administration, U.S. Geological Survey, Andrew W. Mellon Foundation, Robert Wood Johnson Foundation, National Heart, Lung and Blood Institute and many others.

The Ohio Department of Higher Education has designated the university as one of only two major comprehensive research-based universities within the state's higher educational system that comprises 14 public universities. The National Science Foundation placed the university 31st among America's public research universities, and one of only 187 institutions classified as housing the very highest activity by the Carnegie Classification of Institutions of Higher Education.

The university is home to a number of Ohio Centers of Excellence where faculty research as well as their scholarly and creative endeavors serves to advance innovation and entrepreneurial activity as well as draw gifted students seeking to augment and apply their skills. The university is home to Ohio Centers of Excellence dedicated to advanced energy and sustaining the urban environment, transforming healthcare in the 21st century, intelligent air and space vehicle energy systems, nanoscale sensor technology, design and innovation, and music and theater arts.

The latest 2025 issue of the U.S. News & World Report's influential Best Colleges guide ranks the university among the top tier of national universities (No. 152), with the university outpacing almost all national rivals on performance indicators important to students and their families. As the global founder of cooperative education, the university remains a world-class leader in experience-based learning. U.S. News & World Report ranks the university's co-op program in the Top 5 in the country, No. 2 among public institutions. Our students earned approximately a collective \$94 million in 2024-25 via their co-op work placements, alternating academic semesters with professional, paid work directly tied to their majors. In the past academic year, the average earnings in the university's mandatory, full-time co-op programs came to \$11,220 per student each semester.

Princeton Review's 2025 edition of "The Best 390 Colleges" identified the university for the 18th year in a row among the nation's best institutions for an undergraduate education. University rankings are based on The Princeton Review's surveys of 168,000 students. The university was also included on the Best Midwest and Green Colleges lists this year and came in at No. 12 in the Top 20 Best Schools for Internships (Public Schools) list.

The university's campus setting continues to garner worldwide acclaim, with The New York Times highlighting the university's dramatic campus renovation of the past quarter century "the most ambitious campus design program in the country." In addition, Forbes, Delta Sky and Travel + Leisure magazines have all highlighted the university as one of the world's most beautiful campuses. It's also a sustainable one where all new construction and major renovations are completed to LEED Silver standards or higher whenever possible. In its 2025 college rankings, Niche ranked the university as the "Best college location in Ohio."

In fiscal year 2025, the research enterprise at the university comprised 671 lead researchers, 2,676 university faculty and staff, 1,079 student workers, and 209 postdoctoral researchers. These individuals worked on 2,031 active research awards across 98 departments, spanning a wide range of academic fields such as computer sciences, life sciences, physical sciences, psychology, social sciences, engineering, and other research and development fields.

This research has led to significant advancements and breakthroughs in many areas. For example, StrokeNET serves as the national coordinating center for stroke-related clinical trials across the nation, leading to vast improvements in stroke diagnosis and treatment, including the FAST and FASTEST trials (see <https://nihstroketnet.org>). The Urban Flooding Open Knowledge Network is building a national network to assist utilities, urban planners, and government agencies with both planning and real-time flood response. Multiple projects, including The Ohio Valley Node-Network (OVNN), Optimizing Healing in Ohio Communities (OHIO), and identifying genetic markers associated with opioid use disorder, have tackled the opioid crisis from multiple angles, from recognizing risk factors for opioid abuse to improving treatment and building networks for medical practitioners and treatment centers. The Ohio Cyber Range provides research to bolster the ability of local businesses and government agencies to recognize, respond to, and protect against cyber attacks, as well as train the next generation of cybersecurity professionals.

The university has made groundbreaking contributions to medicine and science, shaping global health and innovation. Among its most notable achievements is the development of Benadryl (diphenhydramine), the first effective antihistamine, discovered in the 1940s by university researcher George Rieveschl. The university also played a pivotal role in the creation of the live, attenuated polio vaccine, a milestone in the near-eradication of polio worldwide. In the field of oncology, university researchers have been instrumental in the development of seven FDA-approved drugs for blood cancers, underscoring their commitment to collaborative, life-saving research. The university's stroke team pioneered protocols for rapid diagnosis and treatment, contributing to the development of NovoSeven, a critical clotting agent for stroke-induced brain hemorrhages. Beyond medicine, scientists have advanced biofuel research by uncovering microbial vulnerabilities to butanol, potentially revolutionizing sustainable fuel production. Additionally, engineers have created a "lab-on-a-chip" device capable of detecting cortisol levels in saliva, offering a non-invasive tool for assessing stress and mental health. These innovations reflect the university's enduring legacy of research excellence and its profound impact on public health and technology.

Our researchers work in facilities that encompass 720,000 square feet across 51 buildings. These facilities include an animal lab facility, a greenhouse, 1,139 dedicated research labs, and 1,161 multi-purpose research/instruction spaces. Facilities and the specialized research equipment they contain have been built over time through

partnerships with federal and state agencies as well as private funders. The facility costs related to research space include costs for maintenance, utilities, information technology, security, waste removal, depreciation of buildings and equipment, and interest on debt-financed capital projects. Most of these costs are not charged to research awards and are functionalized as operating and maintenance expenses.

These facilities have helped generate \$246.5 million in research activity in fiscal year 2025 and \$1.1 billion in research activity over the past five years, achieving breakthroughs and results such as those mentioned above. In addition to the funded research, the university invested \$6.5 million in supplemental research funding in fiscal year 2025 and \$39.3 million over the past five years.

The university has dedicated offices that ensure compliance with regulations, protect research subjects, and manage various administrative tasks. These offices are responsible for regulatory compliance, ensuring the university adheres to all relevant regulations; protection of research subjects, safeguarding the welfare of human and animal subjects involved in research; award management, setting up and managing research awards; financial administration, invoicing, receiving payments, preparing financial reports, and purchasing equipment and materials; payroll, paying researchers and other staff; and audit requirements, satisfying internal and external audit requirements. Additionally, these offices provide support for graduate students, postdoctoral researchers, technicians, and other staff who assist faculty researchers. Most of these costs are functionalized as institutional support functions and are not charged to research awards.

Institutional research support costs that are easily identifiable within the university's financial system are reported in the National Science Foundation Higher Education Survey, which totaled \$124 million in fiscal year 2025. This represents only a small portion of the overall facilities and administrative costs that the university incurs in order to support research. The university is currently ranked among the top public research universities in the United States, ranking No. 31 among public institutions by the National Science Foundation and 49th overall.

Using the Financial Statements

The university's financial report includes three financial statements and related notes:

- The Statement of Net Position
- The Statement of Revenues, Expenses, and Changes in Net Position
- The Statement of Cash Flows

These financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) principles, which establish standards for external financial reporting for public colleges and universities.

Statement of Net Position

The Statement of Net Position is the university's balance sheet. It reflects the financial position of the university at the end of the fiscal year. Liabilities due within one year and assets available to pay those liabilities are classified as current. Other assets and liabilities are classified as noncurrent. Investment assets are carried at fair value. Capital assets are separated into two lines on the statement: those assets that are depreciated and those that are not depreciated. Items that are depreciated include buildings, equipment, infrastructure, land improvements, and library books. Items that are not depreciated include land, construction in progress, art, and rare book collections.

In addition to assets, liabilities, and net position, the university's balance sheet includes deferred outflows of resources and deferred inflows of resources. Deferred outflows are similar to assets and will be recognized as expense in future periods. Deferred inflows are similar to liabilities and will be recognized as revenue (or reductions of expense) in future periods.

A summary of the university's net financial position at June 30, 2025 and June 30, 2024 follows:

Summary Statement of Net Position

	(in thousands)	2025	2024	Increase/(Decrease)	
				Amount	Percent
Current assets	\$	376,767	\$	535,166	\$ (158,399) -29.6%
Noncurrent assets					
Investments		548,031		533,226	14,805 2.8%
Endowment investments		984,224		798,843	185,381 23.2%
Accounts and notes receivable		39,424		42,273	(2,849) -6.7%
Net other postemployment benefits asset		61,288		40,189	21,099 52.5%
Other noncurrent assets		22,953		25,655	(2,702) -10.5%
UC Health intangible asset		420,645		420,645	— 0.0%
Capital assets, net of depreciation		2,101,943		1,897,170	204,773 10.8%
Right to use assets, net of amortization		162,618		143,612	19,006 13.2%
Total assets		4,717,893		4,436,779	281,114 6.3%
Deferred outflows of resources		159,704		199,589	(39,885) -20.0%
Current liabilities		402,927		431,847	(28,920) -6.7%
Noncurrent liabilities		1,986,309		2,048,377	(62,068) -3.0%
Total liabilities		2,389,236		2,480,224	(90,988) -3.7%
Deferred inflows of resources		145,014		150,492	(5,478) -3.6%
Net position	\$	2,343,347	\$	2,005,652	\$ 337,695 16.8%

Current Assets

Current assets consist primarily of cash and cash equivalents, short-term investment of operating funds, and accounts receivable. Current assets decreased by \$158.4 million in 2025. The university invests its operating funds and borrowed proceeds to provide, in order of priority, safety of principal, liquidity, and maximum total return consistent with safety and liquidity.

Noncurrent Assets

Investments

Investments (excluding endowment investments) at June 30, 2025 totaled \$548.0 million, an increase of \$14.8 million from June 30, 2024. The funds are invested in the university's temporary investment pool with the exception of \$132.5 million, which is invested in the endowment. Investments with a maturity date less than one year totaled \$148.0 million, and are classified as current investments. The amount of investments related to debt issued for capital projects was insignificant.

Endowment Investments

The university's endowment totaled \$2.4 billion at June 30, 2025. The endowment includes Fund A (actively managed pooled investments), Fund B (certain real estate), Fund C (community development real estate investments funded with endowment funds), separately invested assets, and beneficial interests in irrevocable trusts. Principal repayments and interest collected on Fund C investments are subsequently invested in Fund A. Below is a summary of the market value for each category of the university's endowment:

	<i>(in thousands)</i>	2025	2024	Increase/(Decrease)	
				Amount	Percent
Fund A (University's share)	\$	1,068,979	\$ 851,783	\$ 217,196	25.5%
Fund A (Foundation's share) *		710,799	600,223	110,576	18.4%
Total Fund A		1,779,778	1,452,006	327,772	22.6%
Fund B		816	816	—	0.0%
Fund C (University's share)		30,870	30,938	(68)	-0.2%
Fund C (Foundation's share) *		15,711	16,199	(488)	-3.0%
Total Fund C		46,581	47,137	(556)	-1.2%
Separately Invested		23,578	22,009	1,569	7.1%
Beneficial Interests in Perpetual Trusts		506,448	494,239	12,209	2.5%
Total Endowment Investments	\$	2,357,201	\$ 2,016,207	\$ 340,994	16.9%

* Includes accrued income/expense

Endowment investments reported on the Statement of Net Position totaled \$984.2 million and include the following:

- The university's share of Fund A, excluding temporary investment pool funds of \$131.4 million, accrued income, accrued expense, and valuation timing adjustments
- Fund B
- The university's share of Fund C, excluding temporary investment pool funds of \$1.1 million, a \$11.2 million loan to UHCURC, and \$3.1 million of accrued income
- Separately invested funds excluding accrued income of \$0.6 million and valuation timing adjustments

All endowment investments, including cash and cash equivalents, are reported as noncurrent endowment investments due to the restrictions placed upon these assets.

Endowment funds consist of both permanent endowments and funds functioning as endowment (quasi-endowments and term endowments). Permanent endowments are funds received from donors with the stipulation that the principal remain inviolate and be invested in perpetuity to produce income that is expended for a specific purpose. Funds functioning as endowment consist of amounts (restricted gifts or unrestricted funds) that have been allocated by the university for the purpose of long-term investment, but are not limited by donor stipulations requiring the university to preserve principal in perpetuity. Programs supported by endowment funds include scholarships, fellowships, professorships, research efforts, and other major programs and activities.

Fund A, the university's principal investment pool, increased in 2025 from \$1.452 billion to \$1.780 billion, an increase of \$327.8 million, which equates to 22.6%. The increase is net of a 4.0% endowment spending distribution and a 1.0% distribution to the Foundation. Fund A consists of approximately 15.1% cash and fixed income, 38.0% corporate stocks, 6.9% hedge funds, and 40.0% private equity.

The university manages the endowment to support current operations in a way that generates a predictable stream of support while maintaining the purchasing power of endowment funds adjusted for inflation. The spending policy provides for annual distributions of 4.0% of the three-year quarterly moving-average market value of assets in the investment pool. The income distribution for endowment spending for fiscal year 2026 will remain at 4.0% of the previous twelve-quarter moving average of market value.

At June 30, 2025, Fund A summary of activity and information is as follows (*in thousands*):

Fund A	Outstanding Shares	Per Unit Price	Total (<i>in thousands</i>)
Beginning balance	16,359,564	\$ 88.7558	\$ 1,452,006
Ending balance	18,858,848	94.3737	1,779,778
Increase in Fund A	2,499,284	\$ 5.6179	\$ 327,772
Fund A Activity			
Return on investments			\$ 182,021
Gifts received			84,624
Funds available for spending, net transfers, and fees (fundraising, administrative and custody)			61,127
Total Fund A Activity			\$ 327,772

The university is the beneficiary of numerous perpetual trusts held and administered by external trustees. The market value of these external trustee assets totaled \$506.4 million and \$494.2 million as of June 30, 2025 and June 30, 2024, respectively. These external trusts are irrevocable, and the university has a vested beneficial interest in the net income payable by the trusts. External trust assets are not reported on the Statement of Net Position unless they are recognized as beneficial interest in trusts recognized under GASB 81, *Irrevocable Split-Interest Agreements*. Income is received annually and reported on the university's Statement of Revenues, Expenses, and Changes in Net Position. The university received income of \$13.1 million and \$12.6 million in 2025 and 2024, respectively.

Endowment investments recorded in the university's column of the financial report exclude both the Foundation's share of Funds A and C, and the university's beneficial interests in irrevocable trusts.

UC Health Affiliation Agreement

The university's intangible asset valuation for its interest in UC Health is valued at \$420.6 million. The valuation is based on historical cost as of July 1, 2011. For further discussion of UC Health, please refer to Note 5, UC Health Affiliation Agreement. The affiliation agreement supports the mission of UC Health and the university through the commitment to patient care, education, and research.

Capital Assets

The university's campus has a 200-year history. Since 1889, buildings, landscapes, athletic fields, functional elements and site improvements have been integrated into the campus. Today's architecture, landscape architecture and site elements of the transformed campus are set over a landlocked foundation of landform, landscape, historical buildings and access as well as a framework of contemporary master planning efforts.

During 2025, the university completed and capitalized significant projects including:

- Athletics Indoor Practice Facility and Athlete Performance Center
- Center for Identity and Inclusion SSLC 700 + 800
- CS Marketpointe Siddall Interior Renovation
- Dabney Hall Plumbing and Restroom Upgrades
- East Campus Utility Plant Infrastructure Upgrades
- Siddall Hall Renovation

Capital projects currently in construction include:

- Block 1 & 2 Redevelopment
- Blood Cancer Healing Center Floors 1, 4, 5 Renovation
- Clifton Court Drive Realignment and Infrastructure Upgrade
- Clermont College - McDonough Hall and Student Services Roof and HVAC Replacement
- Digital Futures (Phase 2)
- Mantei Center Controls
- Old Chemistry Rehabilitation and Partial Replacement
- Rieveschl Hall Renovations - Final Phase
- UCBA Muntz Hall Rehabilitation (Phase 5)

Projects currently in design include:

- Crosley Tower Remediation and Demolition
- STEM Academic Facility

Capital asset additions are funded using a combination of state capital appropriations, debt, gifts, and university funds. Capital additions (net of depreciation) totaled \$205.4 million in 2025 and \$124.2 million in 2024. Depreciation expense totaled \$139.6 million in 2025 and \$138.0 million in 2024. Capital additions are primarily comprised of capital projects that were either completed during the fiscal year or are in the construction or design phase at June 30 of each fiscal year.

Liabilities

University liabilities were \$2.39 billion at June 30, 2025 compared to \$2.48 billion at June 30, 2024. Excluding the effects of GASB 68 and 75, liabilities at June 30, 2025 and 2024 were \$1.76 billion and \$1.82 billion, respectively. The decrease is primarily due to a reduction in construction-related payables as of June 30, 2025 compared to the prior year and principal repayments on outstanding capital debt made during fiscal year 2025.

Debt

Total debt representing fixed and variable rate bonds, as well as leases and subscription-based information technology agreements, was \$1.41 billion at June 30, 2025; a decrease of \$32.9 million from \$1.44 billion at June 30, 2024. This decrease is mainly the result of principal repayments of \$46.9 million paid on capital debt. Subsequent to the fiscal year ending June 30, 2025, the university issued \$200 million of capital debt in July 2025.

The university continues to invest and expand its educational and research facilities beyond the level provided by state capital appropriations and donor gifts, through the issuance of debt. The extensive investment in facilities is necessary to attract and maintain high quality students, faculty, and research funding in an increasingly competitive environment.

Standard & Poor's Ratings Services maintained its AA- long-term rating with a stable outlook, and Moody's Investors Service assigned Aa3 rating with a stable outlook also remained unchanged. The ratings were assigned in May 2025 after extensive reviews of the university's financial activities, strategic plans, and future prospects.

Net Position

The four net position categories represent the residual interest in the university's assets and deferred outflows of resources less liabilities and deferred inflows of resources. The university's net position at June 30, 2025 and June 30, 2024 is summarized below:

			Increase/(Decrease)		
	(in thousands)	2025	2024	Amount	Percent
Net investment in capital assets	\$	864,737	\$ 611,924	\$ 252,813	41.3%
Restricted for:					
Nonexpendable		890,478	862,155	28,323	3.3%
Expendable		801,602	531,302	270,300	50.9%
Unrestricted		(213,470)	271	(213,741)	78,871.2%
Total Net Position	\$	2,343,347	\$ 2,005,652	\$ 337,695	16.8%

Net investment in capital assets represents both the university's non-depreciable, depreciable, and right-to-use lease and subscription assets. Non-depreciable assets include land, construction in progress, and collections of art and rare books. Capital assets being depreciated include land improvements, buildings, infrastructure, building equipment, movable equipment, computer software, and library books. Right-to-use assets being amortized include buildings, movable equipment and subscription-based information technology arrangements. Net investment in capital assets is also net of outstanding principal balances of debt attributable to the acquisition, construction, and improvement of those assets or the principal due under lease obligations. During fiscal year 2025, net investment in capital assets increased by \$252.8 million due to capital construction costs paid without issuing new debt.

Restricted nonexpendable net position includes, as a primary component, the university's permanently invested endowment and gift funds. These funds increased by \$28.3 million and are net of annual endowment spending distributions and Foundation fees. Restricted nonexpendable net position also includes the university's investment in UC Health.

Restricted expendable net position is subject to externally imposed provisions governing its use. This category of net position mainly includes unspent expendable endowment funds (available through the endowment spending policy), gifts, support from affiliates, and restricted quasi-endowment funds. The increase in restricted expendable funds by \$270.3 million was mainly due to increase in fair market value of restricted funds invested within A Pool as well as a one-time transfer of academic support funds from UC Health that was being held by University of Cincinnati Physicians, Inc.

Pension reporting standards require the university to recognize net assets, liabilities, expenses, and deferred outflows and inflows of resources for both the pension plans and OPEB based on the university's proportionate share of collective amounts for all participating employers in these defined benefit cost sharing, multiple-employer plans. Each year the impacts to the university's financial statements are based on the assumptions and decisions implemented by each plan, which may lead to significant fluctuations.

The cumulative net impact of the pension and OPEB standards at June 30, 2025 was a reduction of \$485.9 million (\$61.3 million addition to restricted expendable and \$547.2 million reduction to unrestricted) to the university's total net position. Additional detail relating to the pension and OPEB standards is in the table below:

	(in thousands)	2025	2024	Increase/(Decrease)	
				Amount	Percent
Impact of Pension and OPEB Standards					
Net OPEB Asset	\$	61,288	\$	40,189	\$ 21,099 52.5%
Deferred Outflows of Resources					
OPEB		4,934		14,763	(9,829) -66.6%
Pension		144,432		172,691	(28,259) -16.4%
Net Pension Liability		627,124		657,119	(29,995) -4.6%
Deferred Inflows of Resources					
OPEB		24,235		31,323	(7,088) -22.6%
Pension		45,206		39,637	5,569 14.1%
Net Impact of Pension and OPEB Standards	\$	(485,911)	\$	(500,436)	\$ 14,525 -2.9%

* See note 10 for retirement plans and OPEB

STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION

The Statement of Revenues, Expenses, and Changes in Net Position presents the results of the university's activities for the year. Listed below are summarized statements of the university's revenues, expenses, and changes in net position for the years ended June 30, 2025 and June 30, 2024:

SUMMARY STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION

	<i>(in thousands)</i>	2025	2024	Increase/(Decrease)		
				Amount	Percent	
Operating Revenues	\$	1,209,671	\$	1,170,718	\$ 38,953	3.3%
Operating Expenses		1,729,907		1,637,633	92,274	5.6%
Operating Loss		(520,236)		(466,915)	(53,321)	11.4%
Nonoperating Revenues (Expenses)						
State educational appropriations		270,724		257,636	13,088	5.1%
Federal nonexchange grants		70,436		52,907	17,529	33.1%
State nonexchange grants		18,219		11,026	7,193	65.2%
Gifts		62,911		45,442	17,469	38.4%
Support from affiliates		222,331		24,134	198,197	821.2%
Net investment income		199,545		159,099	40,446	25.4%
Net interest on capital asset-related debt		(54,561)		(46,142)	(8,419)	18.2%
Other nonoperating revenues (expenses)		1,650		(4,898)	6,548	-133.7%
State capital appropriations		58,598		30,334	28,264	93.2%
Capital gifts and grants		7,607		9,335	(1,728)	-18.5%
Additions to permanent endowments		471		1,212	(741)	-61.1%
Increase in Net position		337,695		73,170	264,525	361.5%
Net position, beginning of year		2,005,652		1,932,482	73,170	3.8%
Net position, end of year	\$	2,343,347	\$	2,005,652	\$ 337,695	16.8%

Revenues and expenses are categorized as either operating or nonoperating. Significant recurring sources of the university's revenues, including state appropriations, federal nonexchange grants, state nonexchange grants, gifts, and support from affiliates are considered nonoperating. Consequently, the operating loss of \$520.2 million does not account for these important revenue sources. Adding these five revenue sources, which total \$644.6 million for 2025, typically offsets much of the operating loss.

REVENUES

The university's revenues for the years ended June 30, 2025 and June 30, 2024, are summarized below:

SUMMARY OF REVENUES

	(in thousands)	2025	2024	Increase/(Decrease)	
				Amount	Percent
Operating Revenues					
Net student tuition and fees	\$	522,299	\$ 531,475	\$ (9,176)	-1.7%
Federal, state, & local grants and contracts		222,903	224,906	(2,003)	-0.9%
Nongovernmental grants and contracts		50,552	43,590	6,962	16.0%
Sales and services of educational departments		174,150	173,904	246	0.1%
Auxiliary enterprises, net		163,235	169,284	(6,049)	-3.6%
Other		76,532	27,559	48,973	177.7%
Total operating revenues		1,209,671	1,170,718	38,953	3.3%
Nonoperating Revenues					
State educational appropriations		270,724	257,636	13,088	5.1%
Federal and state nonexchange grants		88,655	63,933	24,722	38.7%
Gifts		62,911	45,442	17,469	38.4%
Support from affiliates		222,331	24,134	198,197	821.2%
Net investment income		199,545	159,099	40,446	25.4%
Other nonoperating revenues		1,650	—	1,650	100.0%
Capital appropriations, gifts, and grants		66,205	39,669	26,536	66.9%
Additions to permanent endowments		471	1,212	(741)	-61.1%
Total nonoperating and other revenues		912,492	591,125	321,367	54.4%
Total revenues	\$	2,122,163	\$ 1,761,843	\$ 360,320	20.5%

Operating Revenues

Net student tuition and fees are the primary source of operating revenue for the university. During 2025, the net revenue from student tuition and fees decreased from \$531.5 million to \$522.3 million, an decrease of \$9.2 million. For incoming freshmen, the university increased undergraduate instructional fees by 3.0% through its tuition guarantee program. The program guarantees no additional tuition increases for four or five year programs, dependent on the undergraduate degree-seeking student's degree program. This resulted in an increase in student tuition and fees; however, the decrease in the net amount was due to more students eligible for financial aid.

The university has a high level of commitment to its research mission. In 2025, revenue from federal, state, and local grants and contracts totaled \$222.9 million, an decrease of \$2.0 million. The decrease was mainly a result of a minimal decrease in federal grant funds. Nongovernmental grants and contracts revenue increased from \$43.6 million to \$50.6 million in 2025, an increase of \$7.0 million. The increase was a result of an expansion of private grant funds. Annual research revenue as a percent of total operating revenue accounted for 23% of revenue in 2025.

Revenue from sales and service of educational departments totaled \$174.2 million, an increase of \$0.2 million. The increase is attributable to a continued expansion of services provided by the College of Medicine and Hoxworth Blood Center.

Auxiliary enterprises, net revenue, decreased from \$169.3 million to \$163.2 million, a decrease of \$6.1 million. The decrease is attributable to a decline in in housing demand as well as transitional changes related to the new food service contract.

Nonoperating Revenues

State educational appropriations increased from \$257.6 million in 2024 to \$270.7 million in 2025, an increase of \$13.1 million. State funding support remains a vital source of funding for academic programs and administrative costs.

Federal and state nonexchange grants increased from \$63.9 million in 2024 to \$88.7 million in 2025, an increase of \$24.8 million. Beginning with the 2024–25 FAFSA cycle, the Department of Education replaced the Expected Family Contribution (EFC) with the Student Aid Index (SAI) under the FAFSA Simplification Act. The new methodology expanded Pell Grant eligibility by revising formula inputs such as family size, income protections, and automatic-zero thresholds. As a result, more students qualified for federal Pell Grants, which in turn increased eligibility for Ohio College Opportunity Grants (OCOG) since it is tied to Pell status.

The results of fundraising efforts are an important component of the university's financial resources. Expendable gifts to the university received during 2025 totaled \$62.9 million, compared to \$45.4 million in 2024, an increase of \$17.5 million. The Foundation is working with the university to develop the next fundraising campaign to support the work of the university's Next Lives Here strategic direction.

Support from affiliates revenue increased from \$24.1 million to \$222.3 million in 2024 and 2025 respectively, an increase of \$198.2 million. Funds reported as support from affiliates are contributions from UC Health to the College of Medicine in support of the academic mission. The increase in support is primarily due to an amendment to the academic support payment agreement in 2024, which includes additional funding from UC Health. Additionally, there was a one-time transfer of \$155.3 million of academic support funds from UC Health that was being held by University of Cincinnati Physicians, Inc. Support funds are budgeted, committed and made available for the Academic Health mission mainly based on strategic education and research needs identified by the Dean of the College of Medicine.

The university's net investment income totaled \$199.5 million and \$159.1 million in 2025 and 2024 respectively, an increase of \$40.4 million. Investment income includes both endowment income and temporary investment pool income. The increase in investment income for 2025 is mainly attributable to growth in domestic and global equities' markets.

Capital appropriations, gifts, and grants included in other revenue, increased from \$39.7 million in 2024 to \$66.2 million in 2025, an increase of \$26.5 million. State capital is appropriated on a biannual basis, of which 2025 is the first year of the biennium. In 2025, State capital appropriations were \$58.6 million, an increase of \$28.3 million. The increase in state capital appropriation revenue is attributed to funding allocated for major construction projects in the construction phase at the end of fiscal year 2025. Capital gifts and grants received for construction projects decreased from \$9.3 million in 2024 to \$7.6 million in 2025, a decrease of \$1.7 million.

The chart below portrays all funding sources including revenues used for operating activities and those classified as nonoperating:

Summary of Revenues (in thousands)

EXPENSES

The university's expenses for the years ended June 30, 2025 and June 30, 2024, are summarized below:

SUMMARY OF EXPENSES

	(in thousands)	2025	2024	Increase/(Decrease)	
				Amount	Percent
Operating expenses					
Instruction	\$	436,076	\$	414,436	\$ 21,640 5.2%
Research		263,155		251,984	11,171 4.4%
Public service		175,517		134,185	41,332 30.8%
Academic support		183,571		172,761	10,810 6.3%
Student services		86,649		81,907	4,742 5.8%
Institutional support		148,789		141,925	6,864 4.8%
Operations and maintenance of plant		78,151		70,728	7,423 10.5%
Scholarships and fellowships		20,524		19,237	1,287 6.7%
Auxiliary enterprises		161,264		158,909	2,355 1.5%
Pension and other postemployment benefit expense		(14,524)		14,097	(28,621) -203.0%
Depreciation and amortization		190,735		177,464	13,271 7.5%
Total operating expenses	\$	1,729,907	\$	1,637,633	\$ 92,274 5.6%
Nonoperating expenses					
Net interest on capital asset-related debt		54,561		46,142	8,419 18.2%
Other nonoperating expenses		—		4,898	(4,898) 100.0%
Total nonoperating expenses	\$	54,561	\$	51,040	\$ 3,521 6.9%
Total expenses	\$	1,784,468	\$	1,688,673	\$ 95,795 5.7%

Total university expenses (operating and nonoperating) increased by \$95.8 million in 2025. Pension (GASB 68) and OPEB (GASB 75) adjustments accounted for a \$28.6 million decrease in expenses. Excluding pension and OPEB related expenses, university expenses increased by \$127.6 million. Generally, expense increases correlate with increases in revenue. Other factors for increased expenses include rising costs for goods and services.

The chart below portrays both operating and nonoperating expenses:

Summary of Expenses (in thousands)

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

The university continues to see growth in enrollment, with 54,000 students projected in fall 2025, a 1.4% increase over fall 2024. This growth in the student body, an additional 10,000 students in the past decade, reflects sustained momentum in attracting students inspired by the university's academic and research excellence.

Fall 2025 enrollment includes a growing number of first-generation students and online learners who have chosen to make their home at UC. First generation college students, the first in their family to attend an institution of higher learning, are projected to increase by 10% and account for more than 11,000 students. Online learners will increase by 1.7% to around 9,700 students, marking a record high for enrollment in online programs.

Undergraduate enrollment is projected to increase 5.6% to more than 43,500 students across all three campuses, including growth in the College Credit Plus program, which enables junior high and high school students to take college-level courses in advance for which they earn both high school and college credit. The program is projected to enroll 3,500 students compared to 2,707 last fall.

Powered by a budget of \$2.0 billion and an endowment over \$2.0 billion, the university is ranked No. 81 in top public schools by U.S. News & World Report. Our endeavors as a university encompass science, medicine, business, education, engineering, technology, the humanities and the arts. Specific and cross-disciplinary areas of focus include analytics, digital media, precision cancer medicine, water and urban futures.

The university has a regional economic impact of \$10.6 billion, which supports over 125,000 regional jobs. That impact corresponds to one out of every 12 jobs in the region is supported by the activities of the university. Statewide, UC increases the economic base by \$22.7 billion.

For well over a century, UC students have taken their classroom learning into the workplace, earning real-world pay while gaining valuable professional experience through cooperative education (co-op). In the 2025 academic year, UC co-op students earned over \$94 million, according to self-reported data. That's a 6% increase over last year's total reported wages. The university facilitated 8,395 co-op placements with 1,757 employers. On average, co-ops earned \$11,220 per student per semester - an amount that significantly offsets the cost of tuition.

The university has 200 years of history as a research pioneer, with a culture strongly emphasizing collaboration to achieve innovative results that can be applied to solving complex problems and furthering scientific advancement. The university is the leading R1 urban university in our region with unrivaled talent solving problems that matter. To create a better tomorrow, the university always looks ahead. The next culture of research is known as Research 2030, which is the university's strategic plan for research. The university is rigorously pursuing excellence in research and actively transforming society through the creation of game-changing new knowledge and the application of disruptive discoveries. Research and economic growth are accelerated in our region by connecting industry, government and community leaders with UC thought leaders and innovators.

Through UC Digital Futures, the university has created a community of experts who partner with the government, industry, and the community to deliver reliable and lasting solutions to the real problems impacting people's lives. By harnessing creativity, technology, science, and imagination for measurable change and social impact, UC Digital Futures is creating a better future by solving problems that matter. This future-focused research will harness the power of intellect and technologies to advance the geographic region and impact global society. The university also fosters early stage research and launches start-up companies via an expanding innovation incubator, the 1819 Innovation Hub, providing a key location amidst the Uptown Innovation Corridor. The UC innovation hub is the nexus for business and industry to partner with university faculty and students.

The university competes at the NCAA Division I level and is a proud member of the Big 12 Conference—one of the nation's premier Power Four athletic conferences, comprising 16 full-member institutions. The Big 12 is known for its passionate and loyal fan base, demonstrated by strong game attendance and widespread support for its teams. As Big 12 fans travel in large numbers, the city, state, and surrounding region benefit from the economic impact of visitors coming to Cincinnati throughout the year. Membership in a Power Four conference also strengthens the university's ability to engage alumni and expand co-op and professional connections across Big 12 states.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended June 30, 2025

1. Organization and Summary of Significant Accounting Policies

Organization

The University of Cincinnati (the university) originated in 1819 with the founding of Cincinnati College. In 1977, the university formally became part of the Ohio public university system. As such, it is a component unit of the State of Ohio. Under provisions of the Internal Revenue Code, Section 115, and the applicable income tax regulations of the State of Ohio, the university, as a state institution, is exempt from taxes on income other than unrelated business income. Since the university has no material net unrelated business income during the year ended June 30, 2025, there are no provisions for income taxes.

Under Ohio Revised Code 3361.01, the University of Cincinnati's Board of Trustees is the governing body of the University of Cincinnati. The board is composed of 11 members: nine (9) voting members and two (2) nonvoting student members. All board members are appointed by the Governor of Ohio with the advice and consent of the State Senate. Trustees are appointed to nine-year terms of office, with the exception of student trustees who are appointed to two-year terms.

The Board is responsible for selecting and appointing the president; setting the operating budget; approving personnel appointments; granting all degrees awarded by the university, including honorary degrees; establishing tuition and fee rates; approving contracts; approving significant capital projects and debt issuances; and approving all rules, regulations, curriculum changes, new programs and degrees of the university.

Basis of Presentation

The accompanying financial statements present the accounts of the university and of the following entities:

- University Heights Community Urban Redevelopment Corporation (UHCURC), described more fully in Note 15, is a legally separate not-for-profit organization which owns a residence complex offering housing for university students. UHCURC is reported as a blended component unit of the university in accordance with the provisions of the Governmental Accounting Standards Board (GASB) and is included in the university's Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position and Statement of Cash Flows.
- The University of Cincinnati Foundation (the Foundation), described more fully in Note 16, is a legally separate not-for-profit organization engaged in fundraising activities almost exclusively for the benefit of the university. The Foundation is a discretely presented component unit of the university in accordance with the provisions of GASB on the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position.

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, as prescribed by GASB. The university reports as a special purpose government engaged primarily in business type activities (BTA), as defined by GASB. The accompanying financial statements have been prepared using the economic resource measurement focus and the accrual basis of accounting. Business type activities are those that are financed in whole or in part by fees charged to external parties for goods and services. In accordance with BTA reporting, the university presents Management's Discussion and Analysis, Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, Statement of Cash Flows, and Notes to the Financial Statements.

The university's financial resources are classified for accounting and reporting purposes into the following four net position categories:

- Net Investment in Capital Assets: Capital assets, net of accumulated depreciation or amortization, reduced by outstanding debt attributable to the acquisition, construction, improvement or leasing of those assets.
- Restricted for nonexpendable and expendable purposes:
 - Nonexpendable – The net position subject to externally-imposed restrictions, which must be retained in perpetuity by the university, is classified as nonexpendable net position. Such assets include the university's permanent endowment and the university's intangible asset in UC Health.
 - Expendable – The net position whose use by the university is subject to externally-imposed restrictions that can be fulfilled by actions of the university pursuant to those restrictions or that expire by the passage of time are classified as expendable net position. Such assets include the spendable portion of endowment and gifts and other assets including capital appropriations.
- Unrestricted: The remaining net position that is neither the net investment in capital assets or restricted for nonexpendable and expendable purposes. The university's unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees. Substantially, all of the university's unrestricted net position is allocated for academic and research initiatives or programs, for capital programs, or for other purposes.

Recent Accounting Pronouncements

In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*, effective for the university's fiscal year ending June 30, 2026. The statement enhances the existing financial reporting model by refining the Management's Discussion and Analysis (MD&A), clarifying the definitions of unusual or infrequent items, operating and nonoperating revenues and expenses, and making changes to the proprietary fund statement presentation. It also provides improved guidance on major component units and budgetary comparison information, and updates the statistical section for more comprehensive financial trends data. These updates aim to increase the clarity and usefulness of financial reports for users and preparers, building on the foundation of GASB Statement No. 34. The university is evaluating the impact Statement 103 will have on its financial statements.

In September 2024, GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*, effective for the university's fiscal year ending June 30, 2026. The statement requires certain types of capital assets to be disclosed separately in the capital asset note disclosures such as lease assets, intangible right-to use assets from public-private or public-public partnerships, subscription-based arrangement assets, and other intangible assets by major class. It also establishes disclosure requirements for capital assets held for sale, which must include historical cost, accumulated depreciation or amortization, and the carrying amount of related debt pledged as collateral, all by asset class. Assets held for sale remain reported within their original capital asset category and as part of net investment in capital assets. The university is evaluating the impact Statement 104 will have on its financial statements.

Summary of Significant Accounting Policies

Investments are reported in three categories in the Statement of Net Position. Investments identified as current and noncurrent are used for operating and capital activities. Investments identified as endowment are those funds invested in portfolios that are considered by management to be of a long duration.

Investments in marketable securities are carried at fair value, as established by the major securities markets. Purchases and sales of investments are accounted for on the trade date basis. Investment income is recorded on the accrual basis. Realized and unrealized gains and losses are reported in investment income.

The university's endowment portfolio includes alternative investments, such as limited partnerships, that are not publicly traded. These investments are generally measured at fair value using the net asset value per share (or its equivalent) practical expedient. Statements provided by the managers of the investment partnerships may lag the financial year-end close. If the June 30 statements are not available, the March 31 statements are adjusted for cash receipts, cash disbursements and securities distributions through June 30. Additionally, the carrying amount of these investments is adjusted for June 30 information from the investment partnerships when necessary to provide a reasonable estimate of fair value as of June 30, 2025. Because these investments are not readily marketable, the estimated value is subject to uncertainty. Therefore, the estimated value may differ from the value that would have been used had a ready market for the investments existed. Such differences could be material.

Strategic loans made to certain non-profit neighborhood development corporations for the purpose of developing residential and commercial properties within the area surrounding the university are also included in the endowment portfolio. The university expects repayment once the residential and commercial facilities have streams of rental income. Loan loss reserves are estimated based on aggregate cash flow projections for the projects and independent appraisals of the underlying real estate.

Accounts receivable are recorded net of an allowance for uncollectible accounts. The allowance is based on management's judgment of potential uncollectible amounts, based on historical experience and type of receivable. Accounts receivable primarily include tuition and fee charges to students and charges for auxiliary enterprise services provided to students, faculty and staff.

Pledged gifts for endowments from individuals, foundations, or corporations do not meet eligibility requirements as defined by GASB, to be recognized on the university's Statement of Net Position. The Foundation receives pledges and bequests for the benefit of the university and as a FASB entity, recognizes those gifts on its financial report. Once the gift is received by the Foundation and transferred to the university, the university recognizes the gift income.

Notes receivable are mainly loans made to students under various federal loan programs. Such loans are recorded net of estimated uncollectible amounts.

Capital assets are comprised of land, land improvements, infrastructure, buildings and equipment. Land, works of art and historical treasures are capitalized but not depreciated. All university capital assets are recorded at cost at date of acquisition, or acquisition value at date of donation. The university's capitalization threshold is \$100,000 for major construction projects and related costs are capitalized as they are incurred. Projects that have not been completed as of the date of the Statement of Net Position are classified as construction in progress. Intangible assets such as software with perpetual licenses have a capitalization threshold of \$100,000, except for internally generated software which has a threshold of \$500,000. For all other items, the capitalization threshold is \$5,000, except for library books and fine art.

The university and its blended component unit's property and equipment are depreciated using the straight-line method over the estimated useful lives (from three to fifty years) of the respective assets. When plant assets are sold or disposed of, the carrying value of such assets and the associated depreciation are removed from the university's records.

Right to use assets include lease and subscription-based information technology (IT) assets.

Lease assets are initially recorded at the initial measurement of the lease liability, plus lease payments made at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease, plus initial direct costs that are ancillary to place the asset into service. Lease assets are amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset. Key estimates and judgments related to leases include how the university determines (1) the discount rate used to discount the expected lease payments to present value, (2) lease term, and (3) lease payments. The university uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the university uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the university is reasonably certain to exercise. The university monitors changes in circumstances that would require a remeasurement of its lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Subscription-based IT assets are initially recorded at the initial measurement of the subscription liability at the present value of payments expected to be made during the subscription term. Subscription assets are amortized on a straight-line basis over the shorter of the subscription term or the useful life of the underlying asset. Similar to lease assets, key estimates and judgments related to subscriptions include how the university determines the discount rate it uses to discount the expected subscription payments to present value and the subscription term. The interest rate charged by the vendor is used as the discount rate. In the absence of an interest rate provided by vendor, the university uses its estimated incremental borrowing rate as the discount rate for subscriptions. The subscription term includes the noncancelable period of the subscription. The university monitors changes in circumstances that would require a remeasurement of its subscription-based IT assets and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

The university recognizes right to use assets for leases and subscription-based IT agreements and liabilities with an initial value of \$100,000 or greater.

Deferred outflows of resources are a consumption of net position by the university that is applicable to a future reporting period. Deferred outflows of resources are reported in the Statement of Net Position but are not recognized in the financial statements as expenses until the periods to which they relate. Deferred outflows of resources of the university consist of deferred losses on debt refundings related to defeasance, certain changes in net pension and OPEB liabilities not included in pension and OPEB expense and employer pension contributions subsequent to the measurement date of the net pension liability.

Deferred inflows of resources are a gain in net position by the university that is applicable to a future reporting period. Deferred inflows of resources are reported in the Statement of Net Position but are not recognized in the financial statements as revenue until the periods to which they relate. Deferred inflows of resources of the university consist of deferred gains on debt refundings related to defeasance, hedging derivatives, leases, certain changes in net pension and OPEB liabilities not included in pension and OPEB expense and beneficial interests in irrevocable split-interest agreements.

Compensated absences, reported as accrued compensation, include liabilities related to vacation and sick leave accruals. University employees earn vacation and sick leave on a monthly basis. All accrued vacation is considered a current liability. Employees hired before January 1, 2015 may accrue vacation benefits up to a maximum of three years' credit. Employees hired on or after January 1, 2015 may accrue up to a maximum of 30 days of vacation benefits. Earned but unused vacation days are payable upon termination. Sick leave accrues without limit; however, unused days are payable only upon retirement from the university, subject to 30- or 60-day limits depending on the date of hire.

Advances include receipts relating to tuition, student fees, athletic events and rents received in advance of services to be provided. Advances also include the amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreement. The university will recognize such amounts as revenue when services are provided.

Cost-Sharing Defined Benefit Pension Plans— The university participates in two cost-sharing, multiple-employer defined benefit pension plans, the Ohio Public Employees Retirement System and the State Teachers Retirement System of Ohio, (the Plans). For purposes of measuring the net pension liability,

deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Cost-Sharing Defined Benefit Other Postemployment Benefit Plans— The Plans mentioned in the preceding paragraph provide other postemployment benefits (OPEB) in addition to pension benefits. For purposes of measuring the net OPEB asset, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Plans and additions to/deductions from the OPEB Plans' fiduciary net position have been determined on the same basis as they are reported by the OPEB Plans. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Endowment spending policy— For donor-restricted endowments, the Uniform Prudent Management of Institutional Funds Act, as adopted in Ohio, permits the university to distribute an amount of realized and unrealized endowment appreciation as the Board of Trustees determines to be prudent. The university's policy is to accumulate the undistributed realized and unrealized appreciation within the endowment, which is discussed in Note 2.

Student tuition and residence hall fees— Student tuition and resident hall fees are presented net of scholarships applied to student accounts. Stipends and other payments made directly to students are presented as scholarship and fellowship expenses that offset tuition and fee revenue. Fee authorizations provided to graduate teaching, research and administrative associates as part of employment arrangement are presented in instruction, research and other functional categories of operating expense.

Auxiliary enterprise revenues primarily represent revenues generated by athletics, bookstores, the conference center, dining, housing, and parking.

Operating activities, as reported on the Statement of Revenues, Expenses, and Changes in Net Position are those that generally result from exchange transactions such as payments received for providing services and payments made for services or goods received. Nearly all of the university's expenses are from exchange transactions. Certain significant revenue streams available to support operations are classified as nonoperating revenues (i.e. state educational appropriations, nonexchange federal and state grants, gifts, and investment income) in accordance with GASB standards.

Management estimates— The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows and outflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Comparative Information— Financial information presented by the university for 2024 is for comparative purposes. This information should be read in conjunction with the university's financial statements for the year ended June 30, 2024, which were previously audited. An unmodified audit opinion was expressed on those financial statements.

2. Cash, Cash Equivalents, and Investments

The classifications of cash, cash equivalents, and investments reported on the financial statements are based on criteria set forth by GASB. Cash equivalents are defined to include investments with original maturity dates of three months or less. Substantially all cash, cash equivalents, and investment assets reported on the Statement of Net Position are managed by the university in accordance with the investment policy.

The university accounts for temporary investment pool assets separate from its endowment assets. Temporary investment pool assets reported on the Statement of Net Position include the total value of cash and cash equivalents, and current and noncurrent investments. All investments, including cash and cash equivalents, related to the endowment are recorded as noncurrent endowment investments due to the restrictions placed upon these assets.

Temporary Investment Pool

The goal of the university's temporary investment pool investment policy is to invest operating funds and borrowed proceeds to provide, in order of priority, safety of principal, liquidity, and maximum total return consistent with safety and liquidity. The temporary investment pool is invested principally in investment grade money market and fixed income securities of relatively short duration. A portion of the temporary investment pool is invested in Fund A, the principal investment pool for endowment funds, and Fund C, a strategic investment pool spun off from Fund A, as authorized by university policy. Diversification of the portfolio is in accordance with state law.

At June 30, 2025, the fair value of the temporary investment pool is as follows (*in thousands*):

Temporary Investment Pool	Current	Noncurrent	Total
Cash & cash equivalents			
Petty cash	\$ 11	\$ —	\$ 11
Bank deposits - Federally insured	850	—	850
Bank deposits - Uninsured	5,502	—	5,502
Money market funds	113,686	—	113,686
Cash in-transit	(53,103)	—	(53,103)
Total cash & cash equivalents	66,946	—	66,946
Investments			
U.S. Agency securities	4,829	47,252	52,081
U.S. Treasury securities	22,326	105,166	127,492
Corporate notes and bonds	112,049	239,935	351,984
Endowment Fund A & C		132,516	132,516
Municipal notes and bonds	8,838	23,162	32,000
Total investments	148,042	548,031	696,073
Total Temporary Investment Pool	\$ 214,988	\$ 548,031	\$ 763,019

Endowment Investments

Diversification is a fundamental risk management strategy for the endowment portfolio. Accordingly, the portfolio includes investments in domestic and non-U.S. stocks, bonds and loans; real estate; and limited partnerships for investment in real estate, private equity, and hedge funds. The approved asset mix may range from 80% to 93% in equity and alternative investments and 7% to 20% in fixed income investments, at any one time, at the discretion of the university's investment office.

The university has an established set of endowment investment guidelines for alternative investments related to targeted asset allocation and allowable ranges. The maximum allowable percentages the portfolio can hold for alternative investments is: private real assets, private equity, and venture capital 57% and

diversifiers 9% with the total not exceeding 60% in semi-liquid and illiquid strategies. The Investment Committee determines target allocations and allowable ranges.

The Uniform Prudent Management of Institutional Funds Act (UPMIFA) provides statutory rules for the management and investment of endowment funds owned and controlled by charitable institutions. The university's endowment policies are governed and authorized under university rules and are structured to meet or exceed Ohio's version of UPMIFA requirements.

At June 30, 2025, the fair value of the endowment is as follows (*in thousands*):

Endowment Investments	Fund A	Fund B	Fund C	Separately Invested	Beneficial Interests in Perpetual Trusts	Total
Investment Type						
Cash & cash equivalents	\$ 40,914	\$ —	\$ —	\$ 142	\$ —	\$ 41,056
U.S. Agency securities	59,795	—	—	—	—	59,795
U.S. Treasury securities	59,020	—	—	—	—	59,020

* Neighborhood Development Corporation Loans (NDCL)

Endowment shares held by UC Foundation, investments held in irrevocable external perpetual trusts, a note payable from University Heights Community Urban Redevelopment Corporation (UHCURC), accrued income and expense, and temporary investment pool's investment in Fund A and Fund C are excluded from endowment investments reported on the Statement of Net Position. The Foundation's share of Fund A and Fund C is included in the Foundation's assets listed in a discretely presented column on the Statement of Net Position. External trust assets are not reported on the Statement of Net Position unless they are recognized as beneficial interest in trusts under GASB 81, *Irrevocable Split-Interest Agreements*. As

explained in Note 15, UHCURC is a blended component unit of the university and as such, the note receivable is eliminated from endowment investments recorded on the Statement of Net Position. The temporary investment pool's investment in Fund A and Fund C is included in noncurrent investments recorded on the Statement of Net Position. Fund A valuation timing adjustment is included in endowment investments recorded on the Statement of Net Position.

Fund A

Fund A is the principal investment pool for both university and Foundation endowment funds that may be pooled legally or by donor concurrence. The university's endowment investment policy goal for Fund A is to produce real growth in assets net of administrative and investment fees, by generating a total rate of return which is greater than, or equal to, the combination of the spending rate established by the university's endowment spending policy, the Foundation's fundraising fee, and the rate of inflation. The university employs the share method of accounting for Fund A investments and for proportionate distribution of income to each fund that participates in the pool.

The university has adopted a spending rate policy which smooths the distribution of income earned in Fund A. Distributions are made from Fund A to university departments that benefit from those funds. The 2025 endowment spending policy provided for an annual distribution of 4.0% of the twelve-quarter moving-average market value of endowment units.

At June 30, 2025, Fund A shares totaled 18,858,848 with a market value of \$1,779,778,000. The Foundation owned 7,541,716 of those shares with a market value of \$710,799,000 (excludes accrued income). The Foundation's share of Fund A is approximately 40.0%. Substantially all Foundation endowments have been invested in Fund A.

Fund A also includes alternative investments consisting of private equity and hedge funds. The private equity portion of the portfolio totals \$712,170,000. In cases where the June 30, 2025 investment values are not available, certain of these private equity investments are valued based on their value as of March 31, 2025 adjusted for cash receipts, cash disbursements, and securities distributions through June 30, 2025 (please refer to Note 1, Summary of Significant Accounting Policies, regarding valuation of alternative investments). The hedge fund portion of the portfolio totals \$123,348,000. The university's outstanding commitment to purchase various alternative investments at June 30, 2025, is \$276,359,000 and is comprised of undrawn commitments to private equity funds.

Fund C

Fund C is comprised of strategic loans made to certain non-profit neighborhood development corporations and certain real estate holdings. Fund C is not actively managed by the investment office, has no spending policy, and pays no Foundation fundraising fees.

Fund C loans made to certain nonprofit neighborhood development corporations for the purpose of developing residential and commercial facilities on the borders of the campus total \$38,232,000. The total includes principal of \$35,156,000, net of \$11,632,000 of loan loss reserves and accrued interest of \$3,076,000, net of \$24,709,000 of interest reserves. A loan to UHCURC (a blended component unit) for \$11,226,000, net of reserves is eliminated for the purpose of financial statement presentation. These loans are secured primarily by mortgages on parcels of land purchased by these nonprofit entities. Some of these mortgages are subordinated to external financing arranged by these entities. These university loans bear interest at 6%. The university expects repayment once the residential and commercial facilities have streams of rental income. Loan loss reserves are estimated based on aggregate cash flow projections for the projects and independent appraisals of the underlying real estate. Changes in loan loss reserves are reflected in nonoperating revenues (expenses), as a component of net investment income.

Fund C real estate holdings are valued at \$8,350,000.

The value of Fund C will change based on interest and principal payments by the loan holders, plus or minus changes to the reserves. It will also change based on the valuation of the direct real estate values. On a periodic basis, cash flow interest and principal payments received, as well as from the liquidation of assets in Fund C will be distributed to Fund C shareholders to be used to purchase shares in Fund A. It is projected

that over time all of Fund C investments will be liquidated and the entire value of the assets will be transferred to Fund A.

At June 30, 2025, Fund C shares totaled 10,987,649 with a market value of \$46,581,000. The Foundation owned 3,968,064 of those shares with a market value of \$15,711,000 (excludes accrued income). The Foundation's share of Fund C is approximately 36.1%.

Fund B and Separately Invested Assets

Fund B is comprised primarily of real estate holdings received through donor bequest and is valued at \$816,000. Separately invested funds include neighborhood development corporation loans, corporate stocks held per donor stipulation, strategic private equity investments, and donated real estate; their value totaled \$23,578,000 (including accrued income) at June 30, 2025.

Real Estate

Fund B, Fund C, and separately invested assets include land or other real estate held as investments. At June 30, 2025, the fair market value totaled \$10,275,000 including \$816,000 in Fund B, \$8,350,000 in Fund C and \$1,109,000 in separately invested endowments. Independent real estate appraisals are obtained on a three-year cycle; however, relevant real estate markets are reviewed between appraisal periods to determine if the reported market values remain reasonable. Appraisers usually consider the use of three valuation approaches when developing a market value opinion for real property. These are the cost approach, sales comparison approach, and income capitalization approach. The most recent appraisals were received for June 2024.

Beneficial Interest in Irrevocable External Perpetual Trusts

The university is the beneficiary of numerous perpetual trusts held and administered by external trustees. The market value of these external trustee assets totaled \$506,448,000 at June 30, 2025. These external trusts are irrevocable, and the university has a vested beneficial interest in the net income payable by the trusts. External trust assets are not reported on the Statement of Net Position unless they are recognized as beneficial interest in trusts recognized under GASB 81, *Irrevocable Split-Interest Agreements*. Income is received annually and reported on the university's Statement of Revenues, Expenses, and Changes in Net Position. In 2025, the university received income of \$13,060,000. The university expects income from the trusts will be received in perpetuity.

Off-Balance-Sheet Risk

The university's investment strategy incorporates certain financial instruments which involve, to varying degrees, elements of risk that could reduce the value of investment assets reported on the financial statements. These risks include interest rate, credit, and custodial credit. Policies established by the university have been developed to balance the university's exposure to risk while maximizing investment returns.

Interest Rate Risk

Interest rate risk is the risk an investment portfolio may encounter should interest rate variances affect the fair value of investments. The university's investment policy minimizes the risk of the loss of value due to changing interest rates through the use of targeted durations. The university's investment policy stipulates that the maximum duration range of investments in the temporary investment pool will not exceed three years. There is no stipulation for the endowment portfolio.

At June 30, 2025, the university's investment maturities are as follows (in years, in thousands):

Investments	Less than 1	1 to 5	6 to 10	More than 10	Total
Temporary Investment Pool					
U.S. Agency securities	\$ 4,829	\$ 47,252	\$ —	\$ —	\$ 52,081
U.S. Treasury securities	22,326	105,166	—	—	127,492
Corporate notes and bonds	112,049	222,041	11,452	6,442	351,984
Municipal notes and bonds	8,838	23,162	—	—	32,000
Total Temporary Investment Pool	\$ 148,042	\$ 397,621	\$ 11,452	\$ 6,442	\$ 563,557
Endowment Investments					
U.S. Agency securities	\$ —	\$ 785	\$ 5,040	\$ 30,057	\$ 35,882
U.S. Treasury securities	—	1,278	21,738	12,401	35,417
Corporate notes and bonds	1,570	31,460	24,287	3,528	60,845
Municipal notes and bonds	779	664	2,742	455	4,640
NDCL* - principal	—	—	—	19,730	19,730
Total Endowment Investments	\$ 2,349	\$ 34,187	\$ 53,807	\$ 66,171	\$ 156,514

* Neighborhood Development Corporation Loans (NDCL)

Interest rate risk for the temporary investment pool's share of Fund A and Fund C is included in endowment investments above.

The portion of endowment investments, after exclusions, not subject to interest rate risk is \$960,226,000 (includes temporary investment pool share of Fund A and Fund C) and is comprised mainly of endowment portfolio investments in equity securities and alternative investments. Amounts reflected as maturities for neighborhood development corporation loans represent management's best estimate of anticipated collections for these demand notes.

Credit Risk

Credit risk is the possibility that a loss may occur due to the failure of a counterparty to perform according to the terms of the contract. The university's risk of loss in the event of counterparty default is typically limited to the amounts reported on the Statement of Net Position and is not represented by the contract or notional amounts of the instruments. In accordance with the university's investment policy, the university's bond and other fixed income investments are rated by nationally recognized rating organizations.

Per GASB Statement No. 40, *Deposit and Investment Risk Disclosures, an amendment to GASB Statement No. 3*, securities with split ratings, or a different rating assignment, are disclosed using the rating indicative of the greatest degree of risk.

At June 30, 2025, the university's investment credit risk is as follows (in thousands):

	AAA	AA	A	BBB	BB & B	Less than B or Not Rated	Total
Temporary Investment Pool							
U.S. Agency securities	\$ —	\$ 52,081	\$ —	\$ —	\$ —	\$ —	\$ 52,081
U.S. Treasury securities	—	127,492	—	—	—	—	127,492
Corporate notes and bonds	47,223	24,983	169,020	110,758	—	—	351,984
Municipal notes and bonds	787	6,256	18,177	6,780	—	—	32,000
Total Temporary Investment Pool	\$ 48,010	\$ 210,812	\$ 187,197	\$ 117,538	\$ —	\$ —	\$ 563,557
Endowment Investments							
U.S. Agency securities	\$ —	\$ 35,180	\$ —	\$ —	\$ 702	\$ —	\$ 35,882
U.S. Treasury securities	—	35,417	—	—	—	—	35,417
Corporate notes and bonds	5,479	670	20,197	31,696	2,803	—	60,845
Municipal notes and bonds	—	1,092	2,850	344	354	—	4,640
NDCL* - principal	—	—	—	—	—	19,730	19,730
Total Endowment Investments	\$ 5,479	\$ 72,359	\$ 23,047	\$ 32,040	\$ 3,859	\$ 19,730	\$ 156,514

* Neighborhood Development Corporation Loans (NDCL)

Credit risk for the temporary investment pool's share of Fund A and Fund C is included in the endowment investment amounts above.

The temporary investment pool permits investments in unrated investment grade securities of 10% or less of the temporary investment pool portfolio measured at the time of purchase. Endowment investment grade bonds are limited to those in the first four grades of any rating system. Below-investment grade high yield bond investments and certain unrated investments having strategic value to the university are permitted. Securities ratings downgraded below investment grade after purchase are permitted to be retained.

The portion of endowment investments, after exclusions, not subject to credit risk is \$960,226,000 (includes temporary investment pool share of Fund A and Fund C) and is comprised mainly of endowment portfolio investments in equity securities and alternative investments.

Custodial Credit Risk

The university does not have exposure to custodial credit risk. Custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, a government entity will not be able to recover the value of its investment or collateral securities that are in possession of an outside party. The university's investments are held in trust or by a custodian in the university's name or directly held in the university's name.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the university's investment in a single issuer. The university has separate investment policies for the endowment and its temporary investment pool that limit the concentration of credit risk. As of June 30, 2025, the university had no investment in any one issuer that was 5% or more of investments for either the endowment or the temporary investment pool.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2025 (*in thousands*):

Investments, Endowment Investments, and Derivative Instruments Measured at Fair Value

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level				
Debt securities				
U.S. Agency securities	\$ 111,876	\$ —	\$ 111,876	\$ —
U.S. Treasury securities	186,512	186,512	—	—
Corporate notes and bonds	453,374	—	453,374	—
Municipal notes and bonds	39,731	—	39,731	—
NDCL - principal	32,426	—	—	32,426
Equity securities				
U.S equities	471,116	6,117	—	464,999
Non-U.S. equities	121,355	121,355	—	—
Commingled funds	88,624	—	—	88,624
Real estate	10,275	—	—	10,275
Other	134	134	—	—
Total investments by fair value level	<u>\$ 1,515,423</u>	<u>\$ 314,118</u>	<u>\$ 604,981</u>	<u>\$ 596,324</u>
Investments measured at net asset value (NAV)				
Hedge funds	\$ 123,348			
Private equity funds	719,604			
Total investments measured at NAV	<u>842,952</u>			
	<u>2,358,375</u>			
Cash, cash equivalents and other	48,432			
Shares held by UC Foundation	(726,510)			
Total investments measured at fair value	<u>\$ 1,680,297</u>			
Hedging derivative instruments				
Interest rate swap	\$ 1,953		\$ 1,953	
Interest rate cap	4,280		4,280	
Total hedging derivative instruments	<u>\$ 6,233</u>		<u>\$ 6,233</u>	
Investment derivative instruments				
Interest rate swap (liability)	<u>\$ (270)</u>		<u>\$ (270)</u>	

Money market funds included within the Temporary Investment Pool and classified as cash and cash equivalents are measured at fair market value. Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Position.

Investments

Where quoted prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities (*in thousands*):

	Fair Value	Valuation Method
NDCL - principal	\$ 32,426	Based on aggregate cash flow projections and independent appraisals of underlying real estate
U.S. equities and Commingled funds	\$ 553,623	Positions are valued by a general or managing partner (or functional equivalent)
Real estate	10,275	Independent appraisals every three years for tangible real assets
	<u>\$ 596,324</u>	

The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) is presented below (*in thousands*):

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Hedge funds (A)	\$ 123,348	\$ —	Quarterly/Annually, after lock-up period	45-90 days
Private equity funds (B)	719,604	276,359	Non-redeemable	none
	<u>\$ 842,952</u>	<u>\$ 276,359</u>		

(A) This category includes investment vehicles that take both long and short positions, primarily in common stocks and credit instruments. Management of the funds has the ability to shift investments among differing investment strategies. Liquidity offered by these vehicles ranges from one quarter to 2.5 years after initial lock-ups of one to two years.

(B) This category mainly includes private equity funds that invest primarily in domestic companies. These investments are non-redeemable and terminate or liquidate over varying periods.

Derivative Instruments

The fair value of the interest rate swap agreements were estimated using the income approach, which converts future cash flows to a single present value using discounting. The value of the 2009 interest rate swap agreement is then adjusted to incorporate non-performance risk for the university since the swap is a liability. The valuations are considered Level 2 since a quoted price can be obtained from a number of dealer counterparties and other independent market sources based on observable interest rates and yield curves for the full term of the asset or liability.

The value of the interest rate cap agreement was estimated using the income approach which converts future cash flows to a single present value using discounting. The fair value of the interest rate cap was developed by an independent third party with no vested interest in the cap transaction. The valuations are considered Level 2 since a quoted price can be obtained from a number of dealer counterparties and other independent market sources based on observable interest rates and yield curves for the full term of the asset or liability.

4. Accounts, Leases, and Notes Receivable

Accounts and notes receivable as of June 30, 2025 is as follows (*in thousands*):

Accounts receivable, net	\$ 111,134
Lease receivable, net	29,801
Notes receivable, net	39,108
Accrued interest receivable, net	9,998
Total	<u>190,041</u>
Less current receivables	<u>150,617</u>
Noncurrent receivables	<u><u>\$ 39,424</u></u>

Allowances for uncollectible receivables included in the amounts above are approximately \$11,187,000 for accounts receivable, \$1,847,000 for notes receivable, and \$6,568,000 for accrued interest receivable related to loans made to certain nonprofit entities as of June 30, 2025.

The university leases a portion of its property to various third parties, the terms of which expire in various years through 2039. In accordance with GASB 87, the university records lease receivables based on the present value of expected receipts over the term of the respective leases. Below is a schedule of future payments that are included in the measurement of the lease receivable (*in thousands*):

Fiscal Year	Principal	Interest	Total
2026	\$ 2,654	\$ 1,485	\$ 4,139
2027	2,353	1,369	3,722
2028	1,717	1,273	2,990
2029	1,740	1,182	2,922
2030	1,571	1,094	2,665
2031-2035	9,382	4,111	13,493
2036-2039	10,384	1,157	11,541
Total	<u>\$ 29,801</u>	<u>\$ 11,671</u>	<u>\$ 41,472</u>

Additionally, revenue recognized under lease contracts during the year ended June 30, 2025 was \$5,242,000, which includes both lease revenue and interest.

5. UC Health Affiliation Agreement

The organization known as UC Health consists of UC Healthcare System (“UCHS”) and affiliates. UCHS is an Ohio nonprofit corporation formed October 15, 2010, and is the sole member of UC Health, LLC. UC Health, LLC (“UC Health”) is an Ohio nonprofit limited liability company that includes University of Cincinnati Medical Center (UCMC), West Chester Hospital, Daniel Drake Center, and University of Cincinnati Physicians Company (UCPC).

UC Health operates under an affiliation agreement entered into between the university, UC Health, and UC Healthcare System on June 28, 2012. The affiliation agreement supports the mission of UC Health and its commitment to patient care, education, and research. Pursuant to the agreement, the university retained its interest in the net assets of UC Health. This intangible asset is recorded on the university’s Statement of Net Position as a noncurrent asset at \$420,645,000 and is valued based on historical cost as of July 1, 2011. Management believes that the historical cost is the preferred valuation method based on the university’s participation interest defined in the affiliation agreement. The university monitors any potential changes to the asset valuation such as impairment. There has been no change to the value of the asset since 2011.

UCMC purchases common services from the university, such as utilities and various other administrative services for which the university charges UCMC. Charges for 2025 were approximately \$15,534,000.

UC Health provides support for education and research activities of the academic departments of the College of Medicine. The level of funding is based on a percentage of UC Health’s earnings before interest, depreciation, and amortization. UC Health also provides support which may be used at the discretion of the Dean of the College of Medicine for the growth and development of teaching, research, and service programs. Support payments received from UC Health and related affiliates for 2025 were \$222,331,000 and are included in support from affiliates on the Statement of Revenues, Expenses, and Changes in Net Position.

Additionally, faculty and non-faculty UCPC physicians and certain other UCPC clinical staff members are dually compensated by both the university and UC Health. The university charges UCPC for these employees’ salaries and benefits. Total salaries and benefits for 2025 were approximately \$75,647,000 and are included in sales and services of educational departments on the Statement of Revenues, Expenses, and Changes in Net Position.

6. Capital and Right to Use Assets

Capital asset activity for the year ended June 30, 2025 is summarized as follows *(in thousands)*:

	Beginning				Ending
	Balance	Additions	Retirements	Transfers	Balance
Capital assets not being depreciated:					
Land	\$ 51,558	\$ 156	\$ —	\$ —	\$ 51,714
Construction in progress	257,061	312,201	—	(262,325)	306,937
Collections	16,759	269	(16)	—	17,012
Total nondepreciable assets	325,378	312,626	(16)	(262,325)	375,663
Capital assets being depreciated:					
Land improvement	123,169	—	(413)	7,759	130,515
Buildings	3,164,977	—	(30)	243,417	3,408,364
Infrastructure	160,922	—	—	9,089	170,011
Building equipment	17,681	—	—	—	17,681
Moveable equipment	307,515	23,925	(11,786)	2,060	321,714
Computer software	79,165	—	—	—	79,165
Library books	251,012	8,421	(613)	—	258,820
Total depreciable assets	4,104,441	32,346	(12,842)	262,325	4,386,270
Less accumulated depreciation:					
Land improvement	97,148	4,824	(249)	—	101,723
Buildings	1,792,498	99,889	(31)	—	1,892,356
Infrastructure	123,210	4,222	—	—	127,432
Building equipment	16,581	175	—	—	16,756
Moveable equipment	237,481	18,628	(11,471)	—	244,638
Computer software	49,828	3,981	—	—	53,809
Library books	215,903	7,903	(530)	—	223,276
Total accumulated depreciation	2,532,649	139,622	(12,281)	—	2,659,990
Total depreciable assets, net	1,571,792	(107,276)	(561)	262,325	1,726,280

7. Debt

The university finances certain construction, renovation, and acquisition of facilities through the issuance of debt obligations, which include general receipts bonds, and other borrowings.

Debt activity for the year ended June 30, 2025 is as follows (*in thousands*):

	Interest Rates	Final Maturity	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion
General Receipts Bonds - Fixed Rate							
2013D (a)	4.64-4.74%	2028	\$ 9,230	\$ —	\$ —	\$ 9,230	\$ —
2014B	3.00%	2027	5,400	—	—	5,400	—

Notes:

- (a) Taxable bonds
- (b) Direct placement debt
- (c) University Heights Community Urban Redevelopment Corporation (see Note 15)

Debt Issuances

During the year ended June 30, 2025, the university issued tax-exempt fixed-rate General Receipts Bonds (Series 2024D) in the amount of \$26,700,000, with an original issue premium of \$2,557,000. Proceeds were used to currently refund a portion of the Series 2014C Bonds (\$21,105,000) and Series 2014D Bonds (\$7,370,000).

The refunding will reduce aggregate debt service payments over the remaining 17-year period by approximately \$3,191,000 and result in an economic gain of \$2,280,000.

Subsequent to June 30, 2025 in July 2025, the university issued Series 2025A and Series 2025B (taxable) fixed-rate General Receipts Bonds totaling \$200,000,000. The bonds were priced on July 1, 2025 and issued on July 23, 2025. Proceeds will be used to finance various capital projects.

Series 2025A Bonds, totaling \$158,380,000, carry an average coupon of 5.20%, include a net original premium of \$7,040,400, and will mature on June 1, 2049. Series 2025B Bonds, totaling \$41,620,000, are taxable, with an average coupon of 5.04% and will mature on June 1, 2039.

Debt Retirement

During fiscal year 2025, no debt obligations were retired.

Variable Rate Direct Placement and Other Debt

The university transitioned each of the variable rate direct placement and related derivatives to daily simple Secured Overnight Financing Rate (SOFR).

Series 2017C taxable variable rate bonds were issued via direct placement contract in an aggregate principal amount of \$50,150,000. These bonds bear interest at an index-based rate plus a spread. The effective interest rate for the bonds on June 30, 2025 is 5.15%.

Stratford Heights 2020 direct placement bonds bear interest at an index-based rate plus a spread. The effective interest rate for the bonds on June 30, 2025 is 5.79%. Interest is payable semi-annually on December 1 and June 1; the bonds mature on December 1, 2025. These bonds will be held by the registered holder(s) through bond maturity. Accordingly, the university has classified the outstanding principal balance on these bonds as a long-term liability.

Collateralization

General receipts obligations are collateralized by a pledge of the university's general receipts.

Derivative Transactions

Interest Rate Swaps

The university has two pay-fixed interest rate swaps in effect at June 30, 2025. The swaps were entered into to protect the university against the potential of rising interest rates. The first swap, entered in 2009, has been determined to be an ineffective hedge and is reported as an other derivative. The second swap, entered in fiscal year 2021, has been determined to be an effective hedge and is reported as a hedging derivative.

The following table summarizes the university's swap agreements as of June 30, 2025 (in thousands):

Effective Date	Counterparty	Counterparty Rating	Associated Debt Series	Outstanding Notional Amount	Fixed Rate Paid	Variable Rate Index Received	Fair Value	Swap Termination Date
5/1/2009	Royal Bank of Canada (RBC)	AA-/Aa3	2017C	\$17,350	3.163%	USD-67% SOFR+0.0575%	(\$270)	6/1/2030
7/8/2020	PNC Bank	A2/A	2017C	\$31,886	0.388%	USD-100% SOFR+0.11448%	\$1,953	6/1/2027

Based on the swap agreements, the university calculates a fixed rate interest owed to the counterparty. Correspondingly, the swap counterparty calculates interest based on a specified index. Only the net difference in interest payments is exchanged between the parties. The university continues to pay interest on the Series 2017C Direct Placement obligations as due. There are no collateral posting requirements on these swaps.

The fair value of the RBC swap on June 30, 2025 is (\$270,000), which is reported as a noncurrent liability on the Statement of Net Position and indicates the amount the university would be required to pay to the counterparty to terminate the swap agreement. The fair value was estimated using the income approach, which converts future cash flows to a single present value using discounting. That value is then adjusted to incorporate non-performance risk for the university since the swap is a liability. The fair value of the swap agreement was developed by an independent third party with no vested interest in the swap transaction. During 2025, the fair value of the swap decreased \$156,000, which is reported as nonoperating expense within the Statement of Revenues, Expenses, and Changes in Net Position.

The fair value of the PNC Bank swap on June 30, 2025 is \$1,953,000, which is reported as a noncurrent asset and offset by a deferred inflow of resources on the Statement of Net Position. The fair value was also estimated using the income approach described above. During 2025, the fair value of the swap decreased \$1,552,000.

Interest Rate Cap

The university has an interest rate cap in effect at June 30, 2025. Based on the terms of the interest rate cap, the university will receive a payment from PNC Bank if 100% of SOFR+0.11448% exceeds:

- 1) 1.00% (cap rate) during the period of March 23, 2021 through May 31, 2026
- 2) 2.00% (cap rate) during the period June 1, 2026 to June 1, 2031

The PNC Bank interest rate cap has been determined to be an effective hedge and is reported as a hedging derivative.

The following table summarizes the university's interest rate cap agreement as of June 30, 2025:

Effective Date	Counterparty	Counterparty Rating	Associated Debt Issue	Outstanding Notional Amount	Floating Rate Option	Fair Value	Cap Termination Date
3/24/2021	PNC Bank	A2/A	Stratford Heights	\$41,075	USD 100% SOFR+0.11448%	\$4,280	6/01/2031

The fair value of the interest rate cap on June 30, 2025 is \$4,280,000, which is reported as a noncurrent asset and offset by a deferred inflow of resources on the Statement of Net Position. The fair value was estimated using the income approach which converts future cash flows to a single present value using discounting. The fair value of the interest rate cap agreement was developed by an independent third party with no vested interest in the cap transaction.

Risks

Credit: There are no counterparty collateral posting requirements on the derivative contracts. However, the university is exposed to \$6,233,000 in credit risk associated with the PNC swap and interest rate cap agreements with a positive fair value through fiscal year 2025. A derivative management guideline is in place at the university, which addresses diversifying counterparty risk and limiting the university's credit exposure on derivative transactions.

General Interest Rate: The fair value of the swaps and interest rate cap are sensitive to interest rate changes.

Debt Service Commitments

General receipts and Stratford Heights annual debt service obligations are as follows (*in thousands*):

Fiscal Year	Fixed Rate Bonds		Direct Placement/Variable Debt		Total
	Principal	Interest	Principal	Interest	
2026	\$ 45,795	\$ 46,271	\$ 42,705	\$ 1,841	136,612
2027	45,450	44,633	45,375	1,343	136,801
2028	43,365	42,957	—	—	86,322
2029	48,260	41,233	—	—	89,493
2030	43,705	39,482	—	—	83,187
2031 - 2035	190,870	175,781	—	—	366,651
2036 - 2040	192,320	135,945	—	—	328,265
2041 - 2045	187,735	92,769	—	—	280,504
2046 - 2050	209,000	46,265	—	—	255,265
2051 - 2054	95,525	10,165	—	—	105,690
Total	\$ 1,102,025	\$ 675,501	\$ 88,080	\$ 3,184	1,868,790

Defeased Debt

The university defeased all or a portion of various general receipts obligations as identified in the table below (*in thousands*):

Bond Series	Maturity Dates	Interest Rate(s)	Amount	
			Amount Defeased	Outstanding at June 30, 2025
Series 2014B	2025-2036	4.00% - 5.00%	56,465	—
Series 2014C	2028-2041	5.00%	21,105	—
Series 2014D	2032-2036	5.00%	7,370	—
Total			\$ 84,940	\$ —

Neither the outstanding indebtedness nor the related irrevocable trust accounts for the above bonds are included in the university's financial statements. Funds have been deposited with a trustee in accordance with the defeasance of the debt.

Other

Interest expense on capital asset related debt in 2025 was \$54,561,000.

Lease Liabilities

The university leases various office space, campus housing and equipment, the terms of which expire in various years through 2039.

Lease liabilities as of June 30, 2025 are as follows (*in thousands*):

	Beginning			Ending		
	Balance	Additions	Reductions	Balance	Current Portion	Noncurrent Portion
Lease liabilities:						
Buildings	\$ 131,844	\$ 55,004	\$ 39,696	\$ 147,152	\$ 25,758	\$ 121,394
Moveable equipment	516	1,247	463	1,300	403	897
Total lease liabilities	\$ 132,360	\$ 56,251	\$ 40,159	\$ 148,452	\$ 26,161	\$ 122,291

Annual scheduled payments by year under leases are as follows (*in thousands*):

Fiscal Year	Principal	Interest	Total
2026	\$ 26,161	\$ 5,541	\$ 31,702
2027	17,557	4,571	22,128
2028	18,973	3,774	22,747
2029	20,107	2,886	22,993
2030	5,606	2,200	7,806
2031-2035	31,984	7,762	39,746
2036-2039	28,064	1,873	29,937
Total	\$ 148,452	\$ 28,607	\$ 177,059

Subscription-based Information Technology Arrangements

The university obtains the right to use vendors' information technology software through various long-term contracts, the terms of which expire in various years through 2031.

Subscription-based IT liabilities as of June 30, 2025 are as follows (*in thousands*):

	Beginning			Ending Balance	Current Portion	Noncurrent Portion
	Balance	Additions	Reductions			
Total subscription-based IT liabilities	\$ 14,080	\$ 13,884	\$ 12,116	\$ 15,848	\$ 7,743	\$ 8,105

Annual scheduled payments by year under these agreements are as follows (*in thousands*):

Fiscal Year	Principal	Interest	Total
2026	\$ 7,743	\$ 711	\$ 8,454
2027	4,662	376	5,038
2028	1,926	156	2,082
2029	1,254	69	1,323
2030	144	10	154
2031	119	5	124
Total	\$ 15,848	\$ 1,327	\$ 17,175

8. Other Long-Term Liabilities

Other long-term liabilities as of June 30, 2025 are as follows (*in thousands*):

	Beginning				Ending		Current	Noncurrent
	Balance	Additions	Reductions		Balance	Portion	Portion	
Other long-term liabilities:								
Compensated absences	\$ 76,804	\$ 7,998	\$ 6,292	\$	78,510	\$ 53,105	\$	25,405
Conference withdraw fee	6,784	—	488	\$	6,296	501		5,795
Government loan advances	8,526	293	1,597		7,222	—		7,222
Interest rate swap liability	114	156	—		270	—		270
Total other long-term liabilities	\$ 92,228	\$ 8,447	\$ 8,377	\$	92,298	\$ 53,606	\$	38,692

9. State Support

The university is a state-assisted institution of higher education and receives from the State of Ohio a state share of instruction that is student-enrollment, degree completion, student risk and course cost based. This subsidy is determined annually by the Ohio Board of Regents. The State also provides line-item appropriations that support, in part, the current operations of various activities including clinical teaching expenditures.

In addition to the operating subsidies, the State of Ohio provides funding for construction and renovation of major plant facilities on the university's campuses. The state passes a capital appropriations bill biannually for both major capital projects and basic renovation projects of which the university receives a share. Such facilities are reported as capital assets on the Statement of Net Position.

10. Retirement Plans and Other Postemployment Benefits

Retirement benefits are available for substantially all employees under one of three contributory retirement plans. Employees not certified as teachers are covered by the Ohio Public Employees Retirement System (OPERS). Certified teachers are covered by the State Teachers Retirement System (STRS Ohio). Employees may opt out of OPERS and STRS Ohio and participate in the Alternative Retirement Plan (ARP) if they meet certain eligibility requirements.

OPERS and STRS Ohio are cost-sharing, multiple-employer statewide retirement systems. OPERS offers two separate plans: (1) a defined benefit plan and (2) a defined contribution. Until January 1, 2024, OPERS offered a combined defined benefit/contribution plan, which has since been consolidated into the defined benefit plan as a separate division, now referred to as the Combined Plan division within the Traditional Plan. STRS Ohio offers three separate plans: (1) a defined benefit plan, (2) a defined contribution plan, and (3) a combined defined benefit/defined contribution plan. Each of the available plan options is discussed in greater detail in the following sections. In addition to retirement benefits, the systems also provide disability, survivor and postretirement health benefits to qualifying members of the defined benefit plan, combined plan and beneficiaries. Benefits provided under the plans are established by state statute.

Both plans issue separate, publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by contacting each organization as follows:

OPERS
277 East Town Street
Columbus, Ohio 43215-4642
Telephone (800) 222-7377

Telephone (888) 227-7877
www.strsoh.org

Benefits Provided

Plan benefits for OPERS are established under Chapter 145 of the Ohio Revised Code (ORC). Members are categorized into three groups with varying provisions of the law applicable to each group. Members who were eligible to retire on January 7, 2013 and those eligible to retire no later than five years after that date comprise transition group A. Members who have 20 years of service credit prior to January 7, 2013 or are eligible to retire no later than 10 years after January 7, 2013 are included in transition group B. Group C includes those members who are not in either of the other groups and members who were hired on or after January 7, 2013. Additionally, OPERS has three separate divisions with varying degrees of benefits: (1) state and local, (2) law enforcement and (3) public safety. The university does not have any employees included in the public safety division.

Benefits in the defined benefit plan (excluding the Combined Plan division) for state and local members are calculated on the basis of age, final average salary, and service credit. State and local members in transition groups A and B are eligible for retirement benefits at age 60 with 5 years of service credit or at age 55 with 25 or more years of service credit. Group C for state and local is eligible for retirement at age 57 with 25 years of service or at age 62 with 5 years of service. For groups A and B, the annual benefit is based on 2.2% of final average salary multiplied by the actual years of service for the first 30 years of service credit and 2.5% for years of service in excess of 30 years. For group C the annual benefit applies a factor of 2.2% for the first 35 years and a factor of 2.5% for the years of service in excess of 35. Final average salary represents the average of the three highest years of earnings over a member's career for groups A and B. Group C is based on the average of the five highest years of earnings over a member's career. Members who retire before meeting the age and years of service credit requirement for unreduced benefit receive a percentage reduction in the benefit amount. The amount of a member's pension benefit vests at retirement.

Members within the law enforcement division, as defined in ORC Chapter 145, are eligible for special retirement options under the defined benefit plan and are not eligible to participate in the defined contribution plan or combined plan division. Group A law enforcement officers are eligible for full retirement at age 52 or older with 15 or more years of credited service. Law enforcement group B is eligible at age 48 or older with 25 years or at age 52 or older with 15 years of service. Law enforcement group C is eligible at age 48 or older with 25 years of service or at age 56 with 15 years of service. Annual benefits are calculated by multiplying 2.5% of final average salary by the actual years of service for the first 25 years of service credit, and 2.1% of final average salary for each year of service over 25 years. These options also permit early retirement under qualifying circumstances as early as age 48 with a reduced benefit.

The Combined Plan division has elements of both a defined benefit and defined contribution plan. Under this plan, employee contributions are invested in self-directed investments, and the employer contribution is used to fund a reduced defined benefit. Eligibility requirements under the Combined Plan division for age and years of service are identical to the defined benefit plan described earlier. The benefit formula for the defined benefit component of the plan for state and local members in transition groups A and B applies a factor of 1.0% to the member's final average salary for the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition group C applies a factor of 1.0% to the member's final average salary for the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Members retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. Effective January 1, 2022, new members may no longer select this plan, and current members may no longer make a plan change to this plan. Effective January 1, 2024, the plan was consolidated into the defined benefit plan as a separate division. No changes were made to the benefit design features of the Combined Plan as part of this consolidation.

A cost-of-living adjustment is provided each year and is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to

be a 3% simple annual COLA. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3%.

Plan benefits for STRS Ohio are established by ORC Chapter 3307. The STRS Ohio defined benefit plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Effective August 1, 2023, any member can retire with unreduced benefits with 34 years of service at any age or five years of service credit and age 65. Retirement eligibility for reduced benefits is 29 year of service credit at any age or five years of service credit and age 60. Effective June 1, 2025 to July 1, 2027, any member can retire with unreduced benefits with 33 years of service credit at any age or five years of service credit and age 65. Retirement eligibility for reduced benefits is 28 years of service credit at any age or five years of service credit and age 60. Effective on or after August 14, 2027, any member can retire with unreduced benefits with 34 years of service credit at any age or five years of service credit and age 65. Retirement eligibility for reduced benefits is 29 years of service credit at any age or five years of service credit and age 60.

STRS Ohio also offers a combined plan that features elements of both a defined benefit and a defined contribution plan. In the combined plan, employee contributions are invested in self-directed investments, and the employer contribution is used to fund a reduced defined benefit. The defined benefit portion payment is payable to the member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

In April 2017, the STRS Ohio Board reduced the cost of living adjustment granted on or after July 1, 2017 to 0% for all retirees in order to preserve the financial integrity of the retirement system. Benefit recipients' base benefit and past COLA increases were not affected by this change. Effective July 1, 2022, a permanent COLA of 3% of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018. Effective July 1, 2023 a permanent 1% COLA of the base benefit was granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019.

Pension Contributions

The ORC provides OPERS and STRS Ohio statutory authority over employee and employer contributions. The required contractually determined contribution rates, respectively of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The contractually required contribution rates for the employee and the university are as follows for the year ended June 30, 2025:

Contribution Rates		
	<u>Employee</u>	<u>University</u>
OPERS State and local divisions	10%	14%
OPERS Law enforcement division	13%	18.1%
STRS Ohio	14%	14%

For the year ended June 30, 2025, contributions to the pension plans from the university were \$39,258,000 for OPERS and \$26,110,000 for STRS Ohio.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the university reported a liability of \$348,519,000 and \$278,605,000 for OPERS and STRS Ohio, respectively, for its proportionate share of the net pension liability. This was a decrease of \$3,233,000 for OPERS and a decrease of \$26,762,000 for STRS Ohio compared to the liabilities reported as of June 30, 2024. The net pension liability was measured as of December 31, 2024 for OPERS and June 30, 2024 for STRS Ohio and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of those dates. The university's proportion of the net pension liability was based on the university's actual contributions, employee and employer, for OPERS Traditional Pension Plan and employer only for STRS Ohio, during the respective measurement periods in relation to total contributions for the same groups by all employers for the same periods. At June 30, 2025, the university's proportion was 1.42% for OPERS Traditional Pension Plan and 1.45% for STRS Ohio. At June 30, 2024, the university's proportion was 1.37% for OPERS Traditional Pension Plan and 1.42% for STRS Ohio. The changes reflect 4.02% increase for OPERS Traditional Pension Plan and an increase of 2.11% for STRS Ohio.

For the year ended June 30, 2025, the university recognized an increase of expense of \$23,630,000 for OPERS and a reduction of expense of \$19,796,000 for STRS Ohio, for a total increase of expense of \$3,834,000. Included in the increase of pension expense is \$705,000 related to the elimination of the deferred inflow and outflow balances associated with the legacy OPERS Combined Plan, following its consolidation into a division of the Traditional Pension Plan.

At June 30, 2025, the university reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (*in thousands*):

	Deferred Outflows of Resources		
	OPERS	STRS Ohio	Total
Differences between expected and actual experience	\$ 6,643	\$ 17,468	\$ 24,111
Changes in assumptions	—	13,420	13,420
Net difference between projected and actual earnings on pension plan investments	36,261	—	36,261
Changes in proportion	15,003	4,889	19,892
University's contributions subsequent to the measurement date	20,633	30,115	50,748
	<u>\$ 78,540</u>	<u>\$ 65,892</u>	<u>\$ 144,432</u>
	Deferred Inflows of Resources		
	OPERS	STRS Ohio	Total
Differences between expected and actual experience	\$ —	\$ 157	\$ 157
Changes in assumptions	—	9,955	9,955
Net difference between projected and actual earnings on pension plan investments		23,824	23,824
Changes in proportion	166	11,104	11,270
	<u>\$ 166</u>	<u>\$ 45,040</u>	<u>\$ 45,206</u>

At June 30, 2025, the university reported \$20,633,000 and \$30,115,000 for OPERS and STRS Ohio, respectively, as deferred outflows of resources related to pensions resulting in university contributions subsequent to the measurement date that will be used as a reduction of the net pension liability in the year ending June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2025 related to pensions will be recognized in pension expense as follows (*in thousands*):

Year ended June 30,	OPERS	STRS Ohio	Total
2026	\$ 30,686	\$ (20,572)	\$ 10,114
2027	43,397	24,631	68,028
2028	(14,605)	(8,991)	(23,596)
2029	(4,305)	(4,331)	(8,636)
2030	863	—	863
Thereafter	1,705	—	1,705
	<u>\$ 57,741</u>	<u>\$ (9,263)</u>	<u>\$ 48,478</u>

Actuarial Assumptions

For OPERS, the total pension liability was determined by an actuarial valuation as of December 31, 2024 using the following actuarial assumptions, applied to all prior periods in the measurement:

OPERS	Traditional Pension Plan
Valuation date	December 31, 2024
Date of last experience study	Period of 5 years ended December 31, 2020
Inflation	2.75%
Projected salary increases	2.75% - 10.75% including inflation at 2.75%
Investment rate of return	6.90%
Cost-of-living adjustments	Pre-1/7/2013 retirees: 3.00% simple; post-1/7/2013 retirees: 2.90% simple through 2025, then 2.05% simple

For STRS Ohio, the total pension liability was determined by an actuarial valuation as of June 30, 2024 using the following actuarial assumptions, applied to all prior periods included in the measurement:

STRS Ohio	
Valuation date	June 30, 2024
Date of last experience study	Period of 5 years ended June 30, 2021
Inflation	2.50%
Projected salary increases	Varies by service from 2.5% to 8.5%
Investment rate of return	7.00%, net of investment expenses, including inflation
Payroll increases	3.00%
Cost-of-living adjustments	0% effective July 1, 2017

Pre-retirement mortality rates for OPERS are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and

females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retirees Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and the mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

Pre-retirement mortality rates for STRS Ohio are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement mortality rates are based on Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. Post-retirement disabled mortality rates are based on the Pub-2010 Teachers Disable Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

The long-term expected rate of return on OPERS defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return over a 20-year period were developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage, adjusted for inflation.

Best estimates of geometric real rates of return were provided by the Board's investment consultant. The target allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

OPERS

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equities	21%	5.70%
International equities	20%	6.10%
Fixed income	24%	2.42%
Real estate	13%	4.17%
Private equity	15%	8.40%
Risk parity	2%	4.40%
Other investments	5%	2.54%
	<u>100%</u>	

STRS Ohio utilizes investment consultants to develop an estimated range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized in the following table:

<u>STRS Ohio</u>		
<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equities	26%	6.60%
International equities	22%	7.70%
Fixed income	22%	4.50%
Real estate	10%	5.10%
Alternatives	19%	9.10%
Liquidity reserves	1%	2.40%
	<u>100%</u>	

Discount Rate

The discount rate used to measure the total pension liability was 6.90% for OPERS and 7.00% for STRS Ohio. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that participating employer contributions will be made at statutorily required rates. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the university's proportionate share of the OPERS and STRS Ohio net pension liability using a discount rate 1% higher and 1% lower than the plans' current rate (*in thousands*):

	1% Decrease	Current Discount Rate	1% Increase
	5.9%	6.9%	7.9%
OPERS	\$570,157	\$348,519	\$164,340

	1% Decrease	Current Discount Rate	1% Increase
	6.0%	7.0%	8.0%
STRS Ohio	\$449,440	\$278,605	\$134,109

Pension Plan Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the separately issued OPERS and STRS Ohio financial reports.

Defined Contribution Plans

OPERS also offers a defined contribution plan, the Member-Directed Plan (MD). The MD plan does not provide disability benefits, annual cost-of-living adjustments, postretirement health care benefits or death

benefits to plan members and beneficiaries. Benefits are entirely dependent on the sum of contributions and investment returns earned by each participant's choice of investment options.

STRS Ohio also offers a defined contribution plan in addition to its long established defined benefit plan. All employee contributions at a rate of 14% and employer contributions at a rate of 11.09% are placed in an investment account directed by the employee. Disability benefits are limited to the employee's account balance, and employees electing the defined contribution plan receive no postretirement health care benefits.

On June 23, 1998, pursuant to Ohio House Bill 586, the university created an Ohio Alternative Retirement Plan (ARP), which is designed to aid the university in recruiting and retaining employees by offering a portable retirement option. The ARP is a defined contribution plan that provides full and immediate vesting of all contributions made on behalf of the participant. Contributions are directed to one of four investment management companies, which allow the participant to manage the investment of all retirement funds. New employees who qualify for the ARP have 120 days from the date of hire to elect the ARP option. Once this window has passed, the employee will not have the option to elect into the ARP. ARP does not provide disability benefits, annual cost-of-living adjustments, postretirement health care benefits or death benefits to plan members and beneficiaries. Benefits are entirely dependent on the sum of contributions and investment returns earned by each participant's choice of investment options.

At June 30, 2025, there were 3,830 members in the plan. Under the provisions of ARP, the required rate for plan participants electing out of OPERS and STRS Ohio was 10% and 14%, respectively. The employer contribution rate for participants electing out of OPERS and STRS Ohio was 14% for 2025. During 2025, the employer contributions were \$29,835,000. A portion of the employer contribution rate for those employees that elect to participate in the ARP is directed to the unfunded liability accounts for both OPERS and STRS Ohio. The rates for fiscal year 2025 were 2.24% to OPERS and 2.91% to STRS Ohio. The employer contributions to the OPERS and STRS Ohio unfunded liability accounts during 2025, were \$2,807,000 and \$4,005,000, respectively.

Payables to the Pension Plans

At June 30, 2025, the university reported a payable of \$6,157,000 and \$4,553,000 for OPERS and STRS Ohio, respectively, for the outstanding amount of contributions to the pension plans required for the year ended June 30, 2025.

Other Postemployment Benefits

OPERS provides postemployment health care benefits to retirees of the Traditional Pension Plan, which also includes members of the Combined Plan division. Prior to January 1, 2015, 10 or more years of service were required to qualify for health care coverage. Beginning January 1, 2015, generally, members must be at least age 60 with 20 years of qualifying service credit to qualify for health care coverage or 30 years of qualifying service at any age. Effective January 1, 2022, retirees must generally be at least age 65 with a minimum of 20 years of qualifying service credit, or a minimum of 30 years of qualifying service credit at any age, to qualify for health care benefits.

Beginning 2016, retirees enrolled in Medicare A and B are eligible to participate in the OPERS Medicare Connector (Connector). The Connector, a vendor selected by OPERS, assists eligible retirees in the evaluation, selection and purchase of Medicare supplemental coverage through the Medicare market. Retirees who purchase supplemental coverage through the Connector may receive a monthly allowance in their health reimbursement arrangement (HRA) account that can be used to reimburse health care expenses.

Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment health care coverage. OPERS funds a Retiree Medical Account (RMA) that Member-Directed Plan participants can use for reimbursement of qualified medical expenses from their vested RMA balance. The Ohio Revised Code (ORC) permits, but does not require OPERS to provide Other Postemployment Benefits (OPEB) to its eligible benefit recipients. Authority to establish and amend health care coverage is provided in Chapter 145 of the ORC.

All health care assets are consolidated into the OPERS 115 Health Care Trust that funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a HRA to qualifying benefit recipients of the Traditional Pension Plan and legacy Combined Plan. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available.

Each year the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post employment health care benefits. Since January 1, 2018, OPERS has not allocated any portion of employer contributions to fund the health care program for members in the Traditional Pension Plan (excluding the Combined Plan division), and is expected to remain at that level. The employer contribution as a percent of covered payroll deposited for the Combined Plan division and Member-Directed Plan health care programs in 2024 was 2.0% and 4.0%, respectively. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. A portion of employer contributions for Member-Directed Plan participants is allocated to an RMA.

On January 15, 2020, the OPERS Board of Trustees approved several changes to the health care plan offered to retirees in an effort to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022 and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for non-Medicare retirees with monthly allowances, similar to the program for Medicare retirees.

STRS Ohio also provides access to health care coverage to eligible retirees who participate in the Defined Benefit and Combined Plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare Part B premiums. Health care premiums will be reduced by a Medicare Part B premium credit beginning in 2023. Pursuant to Chapter 3307 of the ORC, STRS Ohio has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. All benefit recipients pay a portion of the health care cost in the form of monthly premiums. Since July 1, 2014, STRS Ohio has not allocated any employer contributions of covered payroll to the Health Care Fund from which payments for health care benefits are paid.

OPEB Assets, Liabilities, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2025, the university reported an asset of \$33,823,000 for OPERS for its proportionate share of the net OPEB asset. This was an increase of \$21,213,000 compared to the asset reported as of June 30, 2024. The net OPEB asset was measured as of December 31, 2024 and the total OPEB asset used to calculate the net OPEB asset was determined by actuarial valuations as of that date. The university's proportion of the net OPEB asset was based on the university's actual contributions during the measurement period to the plan relative to the contributions to the plan of all participating employers for the same period. At June 30, 2025, for the measurement period, the university's proportion was 1.44% for OPERS, which was an increase of 3.26% compared to the previous fiscal year. At June 30, 2024, for the measurement period, the university's proportion was 1.40% for OPERS.

At June 30, 2025, the university reported an asset of \$27,465,000 for STRS Ohio for its proportionate share of the net OPEB asset. This was a decrease of \$114,000 compared to the asset reported as of June 30, 2024. The net OPEB asset was measured as of June 30, 2024 for STRS Ohio and the total OPEB asset used to calculate the net OPEB asset was determined by actuarial valuations as of that date. The university's proportion of the net OPEB asset was based on the university's actual contributions during the measurement period to the plan relative to the contributions to the plan of all participating employers for the same period. At June 30, 2025, for the measurement period, the university's proportion was 1.45% for STRS Ohio, which was a decrease of 2.11% compared to the previous fiscal year. At June 30, 2024, for the measurement period, the university's proportion was 1.42% for STRS Ohio.

For the year ended June 30, 2025, the university recognized OPEB reduction of expense of \$11,731,000 for OPERS and reduction of expense of \$6,627,000 for STRS Ohio, for a total reduction of expense of \$18,358,000.

At June 30, 2025, the university reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (*in thousands*):

	Deferred Outflows of Resources		
	OPERS	STRS Ohio	Total
Differences between expected and actual experience	\$ —	\$ 1,193	\$ 1,193
Changes in assumptions	—	3,371	3,371
Changes in proportion	—	370	370
	<u>\$ —</u>	<u>\$ 4,934</u>	<u>\$ 4,934</u>

	Deferred Inflows of Resources		
	OPERS	STRS Ohio	Total
Differences between expected and actual experience	\$ 1,634	\$ 3,101	\$ 4,735
Changes in assumptions	4,818	12,759	17,577
Net difference between projected and actual earnings on OPEB plan investments	98	1,172	1,270
Changes in proportion	467	186	653
	<u>\$ 7,017</u>	<u>\$ 17,218</u>	<u>\$ 24,235</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2025 related to OPEB will be recognized in OPEB expense as follows (*in thousands*):

Year ended June 30,	OPERS	STRS Ohio	Total
2026	\$ (4,051)	\$ (4,321)	\$ (8,372)
2027	2,463	(1,920)	543
2028	(3,993)	(2,410)	(6,403)
2029	(1,436)	(2,248)	(3,684)
2030	—	(1,829)	(1,829)
Thereafter	—	444	444
	<u>\$ (7,017)</u>	<u>\$ (12,284)</u>	<u>\$ (19,301)</u>

Actuarial Assumptions

For OPERS, the total OPEB asset was determined by an actuarial valuation as of December 31, 2023 rolled forward to December 31, 2024 using the following actuarial assumptions, applied to all prior periods in the measurement.

OPERS	
Actuarial Valuation Date	December 31, 2023
Rolled-Forward Measurement Date	December 31, 2024
Experience Study	5-Year Period Ended December 31, 2020
Actuarial Cost Method	Individual entry age normal
Single Discount Rate	6.00%
Investment Rate of Return	6.00%
Municipal Bond Rate*	4.08%
Wage Inflation	2.75%
Projected Salary Increases	2.75% - 10.75% (includes wage inflation at 2.75%)
Health Care Cost Trend Rate	5.50% initial, 3.50% ultimate in 2039

* Fidelity 20-year Municipal GO AA index

For STRS Ohio, the total OPEB asset was determined by an actuarial valuation as of June 30, 2024 using the following actuarial assumptions, applied to all prior periods in the measurement.

STRS Ohio	
Actuarial Valuation Date	June 30, 2024
Experience Study	For the 5 years ended June 30, 2021
Inflation	2.50%
Salary increases	Varies by service from 2.5% to 8.5%
Payroll increases	3.00%
Investment Rate of Return	7.00%, net of investment expenses, including inflation
Health Care Cost Trend Rate	-112.22% to -15.14% initial, 3.94% ultimate
Cost-of-living adjustments	0% effective July 1, 2017

For OPERS, pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

For STRS Ohio, pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table, adjusted 95% for females, projected forward generationally using mortality improvement scale MP-2020. Post-retirement healthy mortality rates are based on Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationally using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on Pub-2010 Teacher Disabled Annuitant Table projected forward generationally using mortality improvement scale MP-2020.

The long-term expected rate of return on OPERS health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return over a 20-year

period are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric real rates of return were provided by the Board's investment consultant. The target allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

OPERS

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equities	26%	5.70%
International equities	26%	6.10%
Fixed income	37%	2.37%
REITs	5%	5.00%
Risk parity	3%	4.40%
Other investments	3%	2.50%
	<u>100%</u>	

STRS Ohio utilizes investment consultants to develop an estimated range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized in the following table:

STRS Ohio

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equities	26%	6.90%
International equities	22%	7.70%
Fixed income	22%	4.50%
Real estate	10%	5.10%
Alternatives	19%	9.10%
Liquidity reserves	1%	2.40%
	<u>100%</u>	

Discount Rate

The discount rates used to measure the total OPEB asset were 6.00% for OPERS and 7.00% for STRS Ohio.

For OPERS, a single discount rate of 6.00% was used to measure the OPEB asset on the measurement date of December 31, 2024. The plan's fiduciary net position was projected to be available to make all projected future benefit payments for current active and inactive employees as of December 31, 2024. Therefore, the long-term expected rate of return on OPEB plan investments was applied to projected costs through the year 2124, the duration of the projection period through which projected health care payments are fully funded.

For STRS Ohio, the projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2024. Therefore, the long-term expected rate of return on

health care plan investments of 7.00% was applied to all periods of projected health care costs to determine the total OPEB asset as of June 30, 2024.

Sensitivity of the University's Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate and Health Care Cost Trend Rates

The following presents the university's proportionate share of the net OPEB liability (asset) calculated using a discount rate 1% higher and 1% lower than the current discount rate (*in thousands*):

	1% Decrease 5.00%	Current Discount Rate 6.00%	1% Increase 7.00%
OPERS	(\$16,794)	(\$33,823)	(\$48,032)

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
STRS Ohio	(\$22,330)	(\$27,465)	(\$31,932)

The university's proportionate share of the net OPEB liability (asset) has been calculated using health care trend rates of 5.5% for OPERS and a range of -112.2% to -15.1% for STRS Ohio. The following presents the university's proportionate share of the net OPEB liability (asset) calculated using health care cost trend rates 1% higher and 1% lower than the current health care cost trend rates.

	1% Decrease	Current Health Care Cost Trend Rate	1% Increase
OPERS	(\$34,339)	(\$33,823)	(\$33,243)

	1% Decrease	Current Health Care Cost Trend Rate	1% Increase
STRS Ohio	(\$32,234)	(\$27,465)	(\$21,729)

OPEB Plans' Fiduciary Net Position

Detailed information about the OPEB plans' fiduciary net position is available in the separately issued OPERS and STRS Ohio financial reports.

Assumption Changes—During the measurement periods ended December 31 2021 and June 30, 2021 respectively, certain assumption changes were made by the plans. The OPERS pension discount was reduced from 7.20% to 6.90%, which impacted the annual actuarial valuation for the pension liability as of December 31, 2021. The STRS Ohio pension and OPEB discount rates were reduced from 7.45% to 7.00%, which impacted the annual actuarial valuation for the pension liability and the OPEB asset as of June 30, 2021.

Benefit Changes—Effective in 2022, OPERS replaced the current self-insured group plan with a marketplace concept for pre-Medicare retirees. In addition, STRS healthcare trends were updated to reflect emerging claims and recoveries experience as well as benefit changes effective January 1, 2024.

11. Risk Management and Self-Insurance Funds

The university is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters and employee health and accident benefits. Settled claims have not exceeded commercial coverage in any of the three preceding years. The state of Ohio self-insures workers' compensation benefits for all state employees, including university employees. Under the direction of the university and the Ohio Bureau of Workers' Compensation, CareWorks and Sheakley UniService, Inc. assist in the administration and disposition of workers' compensation claims.

The university provides for medical professional and general liability insurance through a combination of an actuarial funded self-insurance program sponsored by the university and has purchased commercial insurance coverage in excess of the self-insurance amount. The medical professional liability insurance program also includes qualified not-for-profit physician practice corporations, largely subsumed into University of Cincinnati Physicians, Inc. Medical professional self-insurance limits were \$4 million per occurrence for 2025. An additional \$30 million in commercial excess professional liability insurance was provided above the self-insured retention.

The university's self-insurance program is based on calculations by independent actuaries and funds are deposited directly into two irrevocable self-insurance trust funds, one for medical and professional liability and one for general liability. In the opinion of management, trust assets totaling approximately \$23,706,000 are adequate to cover estimated liabilities resulting from known claims and incidents and incurred-but-not-reported incidents as of June 30, 2025 for the university and University of Cincinnati Physicians, Inc. Trust assets related to the university total \$2,075,000 and are included in current portion of other assets; liabilities of \$684,000 are included in accrued liabilities in the Statement of Net Position as of June 30, 2025.

General liability coverage is also provided as part of a group insurance program of Ohio state universities known as the Inter-University Council Risk Management & Insurance Consortium (IUC-RMIC). This program provided for a \$10 million retention per occurrence with the first \$100,000 funded by the university, \$3.4 million funded by pooled funds held through the IUC-RMIC and \$6.5 million reinsured through commercial reinsurance agreements. Excess commercial coverage for general liability was provided with a total dedicated limit of \$40 million. In addition, educators' legal liability coverage was provided through the IUC-RMIC program with \$40 million in a dedicated limit. The IUC-RMIC self-insurance pools are funded by an agreed formula among the participating universities. This program qualifies as a public entity risk pool as defined by GASB standards and is classified as a risk-sharing pool. Under this arrangement, there is a transfer of risk from the university to the pool. Therefore, there is no recognition in the university's financial statements of assets or liabilities related to the IUC-RMIC program.

Property and casualty insurance is also provided through the IUC-RMIC program, consisting of commercial property insurance with a \$1 million retention, and a self-insurance pool to fund retained losses subject to a \$100,00 university deductible. Total insurance expense paid through the IUC-RMIC program was \$6,486,000.

The university is also self-insured for a portion of medical, dental, and pharmacy benefits provided to employees. Changes to the self-insured health care claims liability as of June 30, 2025 and 2024 are as follows (*in thousands*):

	2025	2024
Liability at beginning of fiscal year	\$ 7,712	\$ 7,550
Current year claims including changes in estimates	140,622	110,328
Claim payments	(139,157)	(110,166)
Liability at the end of fiscal year	<u>\$ 9,177</u>	<u>\$ 7,712</u>

12. Capital Project Commitments

At June 30, 2025, the university is committed to future capital expenditures as follows (*in thousands*):

Contractual commitments	\$ 369,047
Estimated completion costs of projects	<u>159,297</u>
Total	<u>\$ 528,344</u>

These projects are being funded through various resources, including the State of Ohio, as follows (*in thousands*):

State appropriations	\$ 3,371
Internal and other sources	<u>524,973</u>
Total	<u>\$ 528,344</u>

13. Other Commitments and Contingencies

The university is currently a defendant in various legal actions. Although the final outcome of such actions cannot currently be determined, the university's administration is of the opinion that the eventual liability, if any, will not have a material effect on the financial position or operations of the university.

The university receives grants and contracts from certain federal, state and local agencies to fund research and other activities. The costs, both direct and indirect, that have been charged to the grants or contracts are subject to examination and approval by the granting agency. It is the opinion of management that any disallowance or adjustment of such costs would not have a material effect on the financial statements.

The university's utility plant is exposed to market price fluctuations on its purchase of natural gas and electricity. Purchase commitments have been issued with certain suppliers of natural gas and electricity whereby the university has locked in the price of natural gas and electricity for specified amounts to stabilize costs.

14. Restricted Net Position

Restricted net position is either nonexpendable or expendable. Nonexpendable restricted net position consists primarily of endowments whose corpus is held in perpetuity. Only the income and net appreciation is used for the purpose specified by the donor. The principal of expendable restricted net position may be used for the donor-specified purpose or is related to a net OPEB asset. Restricted nonexpendable and expendable net position is held for the following purposes (*in thousands*):

Restricted nonexpendable:	
Instruction	\$ 140,681
Research	47,595
Academic support	57,259
College/programs	114,339
Scholarships	104,726
Interest in UC Health	420,645
Other	16,459
	<u>901,704</u>
Less: UHCURC Elimination	11,226
Total	<u>\$ 890,478</u>

Restricted expendable:	
Instruction	\$ 39,647
Research	131,359
Academic support	35,049
College/programs	451,203
Scholarships	63,488
Student loans	12,103
Capital projects	7,465
Net OPEB asset	61,288
Total	<u>\$ 801,602</u>

15. University Heights Community Urban Redevelopment Corporation

University Heights Community Urban Redevelopment Corporation (UHCURC) is organized as a not-for-profit corporation under the laws of the state of Ohio. Its mission is to revitalize the University Heights neighborhood adjacent to the University of Cincinnati. UHCURC was organized by three founding members: The Heights Community Council, the Greek Affairs Council and the University of Cincinnati. The corporation owns a student housing complex that consists of 20 buildings with the capacity to house approximately 700 students.

The governance structure of UHCURC's Board of Trustees gives the university a voting majority on the board. Due to this structure and the fact the university can impose its will on UHCURC, the organization is reported as a blended component unit of the university. Accordingly, all significant intercompany accounting transactions have been eliminated as required by generally accepted accounting principles.

UHCURC's fiscal year end is August 31. As required, the reporting entity should incorporate financial statements for the blended component unit's fiscal year ended during the reporting entity's fiscal year. Therefore, UHCURC's financial statements for the year ended August 31, 2024 have been blended with the university's financial statements for the fiscal year ended June 30, 2025.

A condensed statement of net position for UHCURC as of August 31, 2024 and the related statement of revenues, expenses, and changes in net position and statement of cash flows for the year then ended are as follows (*in thousands*):

Statement of Net Position

	<u>8/31/2024</u>
Current assets	\$ 2
Capital assets not being depreciated	4,788
Capital assets being depreciated, net	<u>29,173</u>

16. University of Cincinnati Foundation

The University of Cincinnati Foundation is a legally separate, tax-exempt component unit of the university. The foundation complies with Financial Accounting Standards Board (FASB) pronouncements for reporting purposes. The principal function of the foundation is to solicit, receive, hold, invest and administer funds and to make distributions to or for the benefit of the university. Since these resources held by the foundation can be used only by or for the benefit of the university, the foundation is considered a component unit of the university and is discretely presented in the university's financial statements.

Separate financial information regarding the foundation may be obtained by contacting the foundation at University of Cincinnati Foundation, University Hall, Suite 100, 51 Goodman Drive, Cincinnati, Ohio 45221-0064. Selected disclosures from the University of Cincinnati Foundation financial statements can be found beginning on the following page.

THE UNIVERSITY OF CINCINNATI FOUNDATION NOTES TO FINANCIAL STATEMENTS

PLEDGES RECEIVABLE

Contributors to the Foundation have made unconditional pledges totaling approximately \$113,151,000 as of June 30, 2025. For payments that extend beyond one year, these pledges receivable have been discounted at rates ranging from 0.5% to 6% to a net present value of approximately \$105,579,000 as of June 30, 2025.

As of June 30, the unpaid pledges are due as follows:

	2025
Less than one year	\$ 35,581,454
One to five years	59,795,615
More than five years	17,773,594
	<u>113,150,663</u>
Less discount to present value	(7,571,347)
Less allowance for uncollectible pledges	(9,570,700)
	<u>\$ 96,008,616</u>

The Foundation records unconditional promises to give at fair value on the date the promise to give is received using the expected present value technique (EPV). EPV calculates present value by discounting risk-adjusted expected cash flows using a risk-free interest rate (yield to maturity on U.S. Treasuries representing the average pledge term). Amortization of the discount is recorded as additional contribution revenue.

Amounts due from irrevocable bequests, which are unconditional promises to give, as of June 30, 2025 of approximately \$6,130,000 are included in the total amount of unconditional pledges due and fall within the due in more than five years category. The allowance for uncollectible pledges includes approximately \$147,000 associated with the irrevocable bequests, as of June 30, 2025.

Pledges receivable, net of allowance at June 30, 2025, included an estimated \$21,599,000 for the Foundation's share of one estate. The estate gift is expected to be paid in three equal payments. Two payments of \$23,556,600 each were received in July 2024 and May 2025. Payments expected to be received beyond one year have been discounted to net present value using a 4.3% discount rate. No amounts have been recorded in the allowance for uncollectible pledges related to this gift.

As of June 30, 2025, thirteen donors currently have outstanding conditional pledges to the Foundation. As of June 30, 2025, the conditions were not substantially met, therefore, the net present value of the pledges is not included in the carrying amount of pledges receivable. The net present value of the conditional pledges approximated \$11,991,000 as of June 30, 2025.

ENDOWMENT FUNDS

Endowment assets are invested in a manner consistent with statutory fiduciary responsibilities and policies adopted by the Foundation's Board of Trustees. The primary objective is to produce long-term real growth in assets, net of administrative and investment fees, by generating a total endowment rate of return which is greater than the spending rate plus the Consumer Price Index. Strategies to achieve the primary objective at a prudent level of risk include: (a) diversification of assets among various classes; (b) diversification of investment styles within asset class; and (c) ongoing review of investment manager performance with respect to rate of return, adherence to investment style and compliance with investment guidelines.

The Foundation's endowment pool and separately invested endowment funds include donor restricted endowment funds, funds designated by the Board of Trustees for reinvestment in the endowment funds, and investment income on the endowment funds that have been appropriated for expenditure. As required by US GAAP, net

assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the absence or existence of donor-imposed restrictions.

The Board of Trustees has interpreted the State of Ohio's UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment fund absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

In accordance with the Foundation's interpretation of UPMIFA, investment income and appreciation or depreciation earned on investments held in the donor-restricted endowment funds are credited to net assets with donor restrictions until the later of the satisfaction of donor restrictions, if applicable, or appropriation for expenditure by the Foundation's Board of Trustees. Financial assets are to be invested in a manner consistent with statutory fiduciary responsibilities and policies adopted by the Foundation's Board of Trustees.

There are 1,625 endowment funds, at June 30, 2025.

The Foundation has adopted a spending rate policy that limits the distribution of endowment income. The spending rate in fiscal year 2025 was 4.0% of the moving average market value for the twelve-quarter period ended each December. Earnings above the spend rate limit are reinvested in the endowment fund for the purposes of promoting endowment fund growth. During 2025, income earned in the investment pool was less than the amount allocated for expenditure by approximately \$10,190,000. This shortfall was funded by cumulative capital gains in the investment pool for the year ended June 30, 2025.

The endowment net asset composition by type of fund as of June 30, 2025 was as follows:

	2025		
	Without Donor Restriction	With Donor Restriction	Total
Donor restricted endowment funds:			
Original amount	\$ —	\$ 599,526,224	\$ 599,526,224
Accumulated gains	—	149,678,135	149,678,135
Term endowments	—	45,370,418	45,370,418
Board designated endowment funds	3,914,435	—	3,914,435
Total	\$ 3,914,435	\$ 794,574,777	\$ 798,489,212

The change in endowment fund net assets for the year ended June 30, 2025, is as follows:

	Without Donor Restriction	With Donor Restriction	Total
Endowment net assets, beginning of year	\$ 3,697,213	\$ 666,881,537	\$ 670,578,750
Investment income:			
Interest and dividend income	238,839	21,369,384	21,608,223
Net realized/unrealized gain	305,615	55,274,155	55,579,770
Total investment income	544,454	76,643,539	77,187,993
Contributions and other transfers	—	80,383,192	80,383,192
Appropriation of endowment assets for expenditure	(327,232)	(31,471,339)	(31,798,571)
Other changes:			
Other income	—	697,394	697,394
Income reinvestment	—	1,440,454	1,440,454
Endowment net assets, end of year	<u>\$ 3,914,435</u>	<u>\$ 794,574,777</u>	<u>\$ 798,489,212</u>

INVESTMENTS

The Foundation combines its pooled investment securities with the investment pool of the university in order to maximize investment diversification and realize economies of scale with respect to costs of managing the investments. The Foundation continues to serve as trustee for these assets. The Foundation maintains individual records of each fund included in the transfer of assets to the investment pool of the university. Each fund subscribes to, or disposes of, units in the pool at the unit market value at the end of each month. Income is allocated to each fund in the pool based on units of participation. The investment pool consists of Fund A and Fund C. In July 2016, Fund C was created by segregating each share of Fund A into one share of Fund A, which owns the diversified portfolio of investment funds in separate accounts, and one share of Fund C, which owns neighborhood development corporations loans (NDCL) and strategic real estate. As NDCLs and strategic real estate produce distributions to Fund C unitholders, the proceeds will be used to periodically purchase newly-created Fund A units for the Fund C unitholders. No additional assets will be purchased within Fund C. It is expected that Fund C will cease to exist by June 30, 2040, as the last distributions are made from NDCLs. As of June 30, 2025, the university is holding approximately \$23,865,000 that is to be invested in the university pooled investments. These amounts are recorded as other investments in the Statements of Financial Position.

The Foundation also manages other investments, which amounted to approximately \$86,532,000 as of June 30, 2025. These funds represent separately invested endowments, temporary cash investments, and split-interest trusts where the Foundation is the remainderman.

The following presents investments held by the Foundation as of June 30, 2025:

	2025 Fair Value	2025 Cost
Cash equivalents	\$ 25,316,503	\$ 25,316,503
U.S. Government and agency obligations	7,471,125	7,409,432
Corporate bonds	11,620,176	11,660,392
Mutual funds	12,507,122	11,390,914
Equities	35,164,208	24,521,896
Real estate and other	10,956,000	10,956,000
University pooled investments	728,561,473	633,141,445
Total	<u>\$ 831,596,607</u>	<u>\$ 724,396,582</u>

The number of units in Fund A owned by the Foundation totaled 7,541,716, which represents 40.0% share of the university investment pool as of June 30, 2025. Fund A holds primarily common stock, mutual funds, and corporate and government fixed income obligations, which are stated at fair value as determined by market prices. In addition, the Foundation owned 3,968,064 shares or 36.1% of Fund C as of June 30, 2025. Fund C invests in loans to certain not-for-profit entities for the purpose of developing residential and commercial facilities near the university's main campus. These loans are secured by mortgages, some of which are subordinated to external financing arrangements, on parcels of land purchased by these not-for-profit entities for development. Certain investments in the university pooled investments are stated at fair value, as provided by the investment managers. Audited financial statements of the underlying investments in the university pooled investments as of June 30, 2025, are used as a basis for fair value when available. When not available, the fair value is based upon financial information as of an interim date, adjusted for cash receipts, cash disbursements and other distributions made through June 30, 2025. The Foundation believes that the carrying value of these investments is a reasonable estimate of fair value at June 30, 2025. Certain underlying investments in the university pooled investments are not readily marketable; therefore, the estimated values of these investments are subject to certain risks. As a result, the fair value of the university pooled investments could differ from the value that may have been determined had a market for certain investments in the university investment pool existed.

The underlying investments that comprise university pooled investments as of June 30 are as follows:

	2025
Fund A	
U.S. and international equity securities	37 %
Hedge funds and private equity capital	45 %
Fixed income securities	15 %
Fund C	
Real estate and community development	3 %
Total	<u>100 %</u>

BENEFICIAL INTEREST IN TRUSTS – OTHER TRUSTEES

The Foundation has been notified of eleven trusts held by other trustees where the remainder interest will irrevocably benefit the university. The Foundation values these assets by projecting the value of the trust assets to future periods and then discounting the anticipated cash flows at a rate reflective of the credit risk involved. Beneficial interest in trusts held by other trustees amounted to approximately \$16,371,000 as of June 30, 2025.

Notes to Required Supplementary Information

Defined Benefit Pension Plans

Changes of Benefit Terms

Amounts reported in 2018 for STRS Ohio reflect COLA reduced to 0% effective July 1, 2017.

Amounts reported in 2023 for STRS Ohio reflect a one-time increase in COLA of 3% of the base benefit granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2023 as long as they retired prior to July 1, 2018, effective July 1, 2022.

Amounts reported in 2024 for STRS Ohio will reflect the following plan changes:

- A one-time ad-hoc COLA of 1% of the base benefit granted to eligible benefit recipients to begin on the anniversary of their retirement benefit in fiscal year 2024 as long as they retired prior to July 1, 2019, effective July 1, 2023.
- Eligibility changes for the Defined Benefit Plan will be phased in until August 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 34 years of service credit at any age. Effective on or after August 1, 2028, any member can retire with unreduced benefits with 35 years of service credit at any age or five years of service credit at age 65
- Eligibility changes for Defined Benefit Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023 when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit regardless of age.

Amounts reported in 2025 for STRS Ohio will reflect the following plan changes:

- Effective June 1, 2025 to July 1, 2027, any member can retire with unreduced benefits with 33 years of service credit at any age or five years of service credit and age 65. Retirement eligibility for reduced benefits is 28 years of service credit at any age or five years of service credit and age 60.
- Effective on or after August 1, 2027, any member can retire with unreduced benefits with 34 years of service credit at any age or five years of service credit and age 65. Retirement eligibility for reduced benefits is 29 years of service credit at any age or five years of service credit and age 60.

Changes of Assumptions

Amounts reported in 2017 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2015:

- Expected rate of investment return decreased from 8.0% to 7.5%.
- Wage inflation assumption decreased from 3.75% to 3.25%.
- Projected salary increases range changed as 0.00% to 7.50% per year; a slight change from the 0.50% to 6.30% pre-experience study assumption.
- Increase in the mortality assumptions to reflect longer life expectancies.

Amounts reported in 2018 for STRS Ohio reflect the following change of assumptions based on an experience study for the five year period ending June 30, 2016:

- Expected rate of investment return decreased from 7.75% to 7.45%.
- Inflation assumption decreased from 2.75% to 2.50%.
- Payroll growth assumption decreased to 3.0%.
- Total salary increases rate lowered by decreasing the merit component of the individual salary increases.
- Increase in mortality assumptions to reflect longer life expectancies.
- Rates of retirement, termination and disability modified to better reflect anticipated future experience.

Amounts reported in 2019 for OPERS reflect a decrease in the expected rate of investment return from 7.5% to 7.2% based on an experience study for the five year period ending December 31, 2015.

Amounts reported in 2021 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2020:

- Expected rate of investment return decreased from 7.2% to 6.9%.
- The long-term expected wage inflation assumption decreased from 3.25% to 2.75%.
- Mortality assumptions changed from using the MP-2015 mortality improvement scale to using the MP-2020 mortality improvements scales to reflect a slight decrease in life expectancies.

Amounts reported in 2021 for STRS Ohio reflect a decrease in the expected rate of investment return from 7.45% to 7.00% based on an experience study for the five year period ending June 30, 2016.

Amounts reported in 2023 for STRS Ohio reflect the following change of assumptions based on an experience study for the five year period ending June 30, 2021:

- Salary increase rates based on actuarial experience study for period July 1, 2015 through June 30, 2021 were changed from age based to service based.
- Mortality assumptions changed from using RP-2014 to Pub-2010.

Notes to Required Supplementary Information

Other Postemployment Benefits

Changes of Benefit Terms

Amounts reported in 2021 for OPERS reflect the following plan changes, effective January 1, 2022:

- Group plans offered to non-Medicare retirees and re-employed retirees discontinued and replaced with an allowance that can be used for reimbursement of individual marketplace plan premiums and other qualified medical expenses.
- Changes to eligibility requirements to receive an allowance for those retirees in Traditional Pension Plan or Combined Plan:
 - Medicare Retirees - Medicare eligible with a minimum of 20 years of qualifying service credit.
 - Non-Medicare Retirees - 30 years of qualifying service at any age for Group A; 32 years of qualifying service credit at any age or 31 years of qualifying service credit and minimum age 52 for Group B; 32 years of qualifying service credit and minimum age 55 for Group C; or, a retiree from Groups A, B or C who qualifies for an unreduced pension, but a portion of their service credit is not health care qualifying service, can still qualify for health care at age 60 if he/she has at least 20 years of qualifying health care service credit.
- Methodology for calculating monthly allowances changed.
- Discontinuance of allowances provided for dependent children.

Changes of Assumptions

Amounts reported in 2018 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2015:

- Wage inflation assumption decreased from 3.75% to 3.25%.
- Health care cost trend rate decreased from 9.50%, before leveling off to 3.75% in 2026 to 7.50%, before leveling off to 3.25%.
- Increase in the mortality assumptions to reflect longer life expectancies.

Amounts reported in 2018 for STRS Ohio reflect the following change of assumptions based on an experience study for the five year period ending June 30, 2016:

- Discount rate increased from 3.26% to 4.13%.
- Expected rate of investment return decreased from 7.75% to 7.45%.
- Valuation year per capita health care costs updated and salary scale modified.
- Percentage of future retirees electing each option updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage decreased.
- Assumptions related to mortality, disability, retirement withdrawal and future health care cost trend rates modified along with the portion of rebated prescription drug costs.

Amounts reported in 2019 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2015:

- Expected rate of investment return decreased from 6.5% to 6.0%.
- Discount rate increased from 3.85% to 3.96%

Amounts reported in 2019 for STRS Ohio reflect the following change of assumptions based on an experience study for the five year period ending June 30, 2016:

- Discount rate increased from the blended rate of 4.13% to the long-term expected rate of return of 7.45%.
- Valuation year per capita health care costs updated.

Amounts reported in 2020 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2015:

- Discount rate decreased from 3.96% to 3.16%.
- Health care cost trend rate changed from 10.0% initial rate and 3.25% ultimate rate in 2029 to 10.5% initial rate and 3.5% ultimate rate in 2030.

Amounts reported in 2020 for STRS Ohio reflect the following change of assumptions based on an experience study for five year period ending June 30, 2016:

- Health care cost trend rates for 2019 valuation ranging from 4.9% to 9.6% initially and a 4.0% ultimate rate compared to prior year health care cost trend rates for 2018 valuation ranging from -5.2% to 9.6% initially and 4% ultimate rate.

Amounts reported in 2021 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2015:

- Discount rate increased from 3.16% to 6.00%.
- Health care cost trend rate changed from 10.5% initial rate and 3.5% ultimate rate in 2030 to 8.5% initial rate and 3.5% ultimate rate in 2035.

Amounts reported in 2021 for STRS Ohio reflect the following change of assumptions based on an experience study for five year period ending June 30, 2016:

- Health care cost trend rates for 2020 valuation ranging from -6.69% to 11.87% initially and a 4.0% ultimate rate compared to prior year health care cost trend rates for 2019 valuation ranging from 4.9% to 9.6% initially and 4% ultimate rate.

Amounts reported in 2022 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2020:

- Wage inflation assumption decreased from 3.25% to 2.75%.
- Health care cost trend rate changed from 8.5% initial rate and 3.5% ultimate rate in 2035 to 5.5% initial rate and 3.5% ultimate rate in 2034.
- Mortality assumptions changed from using the MP-2015 mortality improvement scale to using the MP-2020 mortality improvements scales to reflect a slight decrease in life expectancies.

Amounts reported in 2022 for STRS Ohio reflect the following change of assumptions based on an experience study for five year period ending June 30, 2016:

- Discount rate of return decreased from 7.45% to 7.00%.
- Health care cost trend rates for 2021 valuation ranging from -16.18% to 29.98% initially and a 4.0% ultimate rate compared to prior year health care cost trend rates for 2020 valuation ranging from -6.69% to 11.87% initially and 4% ultimate rate.

Amounts reported in 2023 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2020:

- Discount rate decreased from 6.00% to 5.22%.
- Municipal bond rate increased from 1.84% to 4.05%.

Amounts reported in 2023 for STRS Ohio reflect the following change of assumptions based on an experience study for five year period ending June 30, 2021:

- Health care cost trend rates for 2022 valuation ranging from -68.78% to -5.47% initially and a 3.94% ultimate rate compared to prior year health care cost trend rates for 2021 valuation ranging from -16.18% to 29.98% initially and 4% ultimate rate.
- Salary increase rates based on actuarial experience study for period July 1, 2015 through June 30, 2021 were changed from aged based to service based.
- Mortality assumptions changed from using RP-2014 to Pub-2010.

Amounts reported in 2024 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2020:

- Discount rate increased from 5.22% to 5.70%.
- Municipal bond rate decreased from 4.05% to 3.77%.

Amounts reported in 2024 for STRS Ohio reflect the following change of assumptions based on an experience study for five year period ending June 30, 2021:

- Health care cost trend rates for 2023 valuation ranging from -10.94% to 1.33% initially and a 4.14% ultimate rate compared to prior year health care cost trend rates for 2022 valuation ranging from -68.78% to -5.47% initially and 3.94% ultimate rate.
- Medical trend assumptions consisted of an inflation rate of 2.7% vs. 2.5% in the prior year.

Amounts reported in 2025 for OPERS reflect the following change of assumptions based on an experience study for the five year period ending December 31, 2020:

- Discount rate increased from 5.70% to 6.00%.
- Municipal bond rate increased from 3.77% to 4.08%.

Amounts reported in 2025 for STRS Ohio reflect the following change of assumptions based on an experience study for five year period ending June 30, 2021:

- Health care cost trend rates for 2024 valuation ranging from -112.22% to -15.14% initially and a 3.94% ultimate rate compared to prior year health care cost trend rates for 2023 valuation ranging from -10.94% to 1.33% initially and 4.14% ultimate rate.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To Management and the Board of Trustees
University of Cincinnati

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of the University of Cincinnati (the "University"), a component unit of the State of Ohio, as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated October 10, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To Management and the Board of Trustees
University of Cincinnati

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Plante & Moran, PLLC

October 10, 2025

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance
Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Trustees
University of Cincinnati

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the University of Cincinnati's (the "University") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2025. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of the major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

To the Board of Trustees
University of Cincinnati

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as Finding 2025-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

To the Board of Trustees
University of Cincinnati

Government Auditing Standards requires the auditor to perform limited procedures on the University's response to the internal control over compliance finding identified in our audit described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the other auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2025

1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the University of Cincinnati ("university") under programs of the federal government for the year ending June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the university, it is not intended to and does not present the financial position, changes in net position or cash flows of the university.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Subrecipients

Certain funds are passed through to subgrantee organizations by the university. Expenditures incurred by the subgrantees and reimbursed by the university are presented in the schedule of expenditures of federal awards. The university is also the subrecipient of federal funds. These are reported as expenditures and listed as federal pass-through funds.

Negative Expenditures

Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

2. Federal Assistance Listing Numbers

Federal Assistance Listing Numbers (ALN) are presented for those programs for which such numbers are available.

3. Federal Loan Programs

The university administers the Federal Perkins, Health Professions Student, Nursing Student and Nursing Faculty Federal Loan Programs. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule. Total loan expenditures and disbursements of the Department of Education and Department of Health and Human Services student financial assistance programs for the year ended June 30, 2025 are as follows:

Federal Perkins Loan Program (ALN 84.038)	\$	0.00
Health Professions Student Loan Program (ALN 93.342)		57,600
Nursing Student Loan Program (ALN 93.364)		36,149
Nursing Faculty Loan Program (ALN 93.264)		461,896
	<u>\$</u>	<u>555,645</u>

The above expenditures include disbursements and expenditures such as loans to students and administrative expenditures.

Outstanding loans at June 30, 2025 include the following:

Federal Perkins Loans	\$ 2,746,224
Health Professions Student Loans	272,961
Nursing Student Loans	256,338
Nursing Faculty Loan Program	<u>2,430,963</u>
	<u>\$ 5,706,486</u>

4. Indirect Costs

The university recovers indirect costs by means of predetermined indirect cost rates. The predetermined rates are a result of negotiated agreements with the U.S. Department of Health and Human Services. On April 18, 2024 the university received approval for indirect cost recovery rates effective from July 1, 2024 through June 30, 2028. The indirect cost rates structure is as follows:

Rate Type	Effective July 1, 2024 through June 30, 2028
Organized Research:	
On-campus	62.0%
Off-campus	26.0%
Instruction:	
On-campus	57.0%
Off-campus	26.0%
Other Sponsored Activities	
On-campus	31.0%
Off-campus	26.0%

Since the University is using negotiated rates to recover indirect costs, we have elected not to use the de minimis indirect cost rate allowed under the Uniform Guidance.

Schedule of Findings and Questioned Costs

Year Ended June 30, 2025

Section I - Summary of Auditor's Results

Financial Statements

Type of auditor's report issued: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? Yes X No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? Yes X None reported
- Noncompliance material to financial statements noted? Yes X None reported

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? Yes X No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? X Yes None reported

Any audit findings disclosed that are required to be reported in accordance with Section 2 CFR 200.516(a)? X Yes No

Identification of major programs:

Assistance Listing Number	Name of Federal Program or Cluster	Opinion
Various	Student Financial Assistance Cluster	Unmodified
84.027A	Special Education Cluster (IDEA)	Unmodified

Dollar threshold used to distinguish between type A and type B programs: \$3,000,000

Auditee qualified as low-risk auditee? X Yes No

Section II - Financial Statement Audit Findings

None

Schedule of Findings and Questioned Costs (Continued)

Year Ended June 30, 2025

Section III - Federal Program Audit Findings

The University implemented our corrective action plan and has fully corrected this finding.

The University of Cincinnati
June 30, 2025
Corrective Action Plan

Finding Number: 2025-001

Condition: The University did not have controls in place to ensure that the required due diligence review was completed in the last two-year period related to the current established contract.

Planned Corrective Action:

In order to ensure that the terms of the consumer accounts offered through UC's Tier 1 banking agreement are not inconsistent with the best financial interest of students who choose to open an account, UC Campus Services will, at a minimum, every 2 years, beginning October 2025:

- a. Conduct a due diligence review to ascertain whether the fees imposed under the current agreement are consistent with or below prevailing market rates.
- a. This will be accomplished by downloading and comparing "consumer schedule of fees" documents from UC's current provider as well as several local competitors (e.g. US Bank, Fifth Third Bank, Chase Bank, Superior Credit Union).
- b. Ensure that termination provisions are maintained in the active agreement. These provisions are listed in the current agreement under Exhibit G. 4. (g). (1).

In addition, the university will organize a Title IV compliance working group to meet monthly to review any communications or new requirements published by the U.S. Department of ED, State of Ohio, or other regulatory agencies. This core working group will be comprised of members of the Student Financial Aid Office, the Office of the Bursar, and the Office of the Controller, the three offices primarily responsible for awarding, disbursing, and drawing down funds related to the Title IV programs. This group will be responsible for communicating any changes to institutional responsibilities to other university partners who may need to review or revise policies and procedures based on the regulatory changes.

Contact person responsible for corrective action: Neal Stark for the specific remedy for the due diligence review, Leigh Jackson for the compliance working group.

Anticipated Completion Date: 10/31/2025 and every 2 years thereafter
